1 TITLE VIII  
2 NITA M. LOWEY MIDDLE EAST PARTNERSHIP  
3 FOR PEACE ACT OF 2020

4 SHORT TITLE

5 SEC. 8001. This title may be cited as the “Nita M.  
6 Lowey Middle East Partnership for Peace Act of 2020”.

7 FINDINGS

8 SEC. 8002. Congress finds the following:

9 (1) Economic development in conflict settings  
10 has been shown to support stabilization by empow-  
11 ering entrepreneurs, growing the middle class, and  
12 mitigating unemployment.

13 (2) In 2018, unemployment in the Palestinian  
14 territories was 32.4 percent. Gross Domestic Prod-  
15 uct (GDP) growth in the Palestinian territories de-  
16 clined from 2017 to 2019, and it is projected to fur-  
17 ther decline in 2020.

18 (3) According to the World Bank Ad Hoc Liai-  
19 son Committee’s April 2019 Economic Monitoring  
20 Report, “to achieve sustainable economic growth, in  
21 the Palestinian territories, growth and job creation  
22 going forward will need to be private sector driven”.

23 (4) According to the 2018 Joint Strategic Plan  
24 of the Department of State and the United States  
25 Agency for International Development, “assistance

1 can help prevent new recruitment to terrorist organi-  
2 zations, reduce levels of violence, promote legitimate  
3 governance structures that strengthen inclusion, and  
4 reduce policies that marginalize communities”.

5 (5) Although economic development is an im-  
6 portant tool for stabilizing conflict-prone settings  
7 and establishing connections between communities,  
8 economic development by itself will not lead to last-  
9 ing peace. People-to-people peace-building programs  
10 further advance reconciliation efforts by promoting  
11 greater understanding, mutual trust, and coopera-  
12 tion between communities.

13 (6) While the United States and its inter-  
14 national partners continue to support diplomatic and  
15 political negotiations between the representatives of  
16 the parties to the Israeli-Palestinian conflict, such  
17 efforts require broad popular support among the  
18 people on the ground to succeed.

19 (7) Achieving sustainable, high-level agreements  
20 for lasting peace in the Middle East must come  
21 through, and with the support of, the people who  
22 live there, and the United States and its inter-  
23 national partners can help the people of the region  
24 build popular support for sustainable agreements for  
25 lasting peace.

1 in order to benefit the Palestinian, American, and  
2 Israeli peoples and economies.

3 PEOPLE-TO-PEOPLE PARTNERSHIP FOR PEACE FUND

4 SEC. 8004. Chapter 4 of part II of the Foreign As-  
5 sistance Act of 1961 (22 U.S.C. 2346 et seq.) is amended

24 States Housing Act of 1937 (42 U.S.C. 1437g(g)(1), (2)):  
25 *Provided*, That a public housing agency may not use cap-

1 ital funds authorized under section 9(d) for activities that  
2 are eligible under section 9(e) for assistance with amounts  
3 from the operating fund in excess of the amounts per-  
4 mitted under paragraph (1) or (2) of section 9(g).

5       SEC. 215. No official or employee of the Department  
6 of Housing and Urban Development shall be designated

22 tice of the availability of assistance or notice of funding  
23 availability (NOFA) for any program or discretionary  
24 fund administered by the Secretary that is to be competi-

16 other such office under such headings: *Provided*, That no  
17 appropriation for any such office under such headings  
18 shall be increased or decreased by more than 10 percent  
19 or \$5,000,000, whichever is less, without prior written ap-  
20 proval of the House and Senate Committees on Appropria-

1 lished under section 184 of the Housing and Com-  
2 munity Development Act of 1992 (12 U.S.C. 1715z-  
3 13a) are unacceptably long;

4 (2) those extended timelines inhibit the ability  
5 of lenders to provide needed mortgage loans on Na-  
6 tive American reservations; and

7 (3) it can take a significant amount of time for  
8 certain Bureau of Indian Affairs Land Title and  
9 Records Offices to issue final certified title status re-  
10 ports for mortgages issued on Indian trust land  
11 under section 184 of the Housing and Community  
12 Development Act of 1992 (12 U.S.C. 1715z-13a),  
13 which delays the guarantee of the loan by the De-  
14 partment of Housing and Urban Development.

15 (b) DOCUMENTATION REQUIRED FOR INDIAN TRUST  
16 LAND.—Section 184(c) of the Housing and Community  
17 Development Act of 1992 (12 U.S.C. 1715z-13a(c)) is

22 section for a loan involving a security interest  
23 in Indian trust land before the Secretary re-  
24 ceives the trailing documents required by the  
25 Secretary from the Bureau of Indian Affairs,

1 including the final certified title status report  
2 showing the recordation by the Bureau of In-  
3 dian Affairs of the mortgage relating to the  
4 loan, if the originating lender agrees to indem-  
5 nify the Secretary for any losses that may re-  
6 sult when—

7 “(i) a claim payment is presented to  
8 the Secretary due to the default of the bor-  
9 rower on the loan; and

10 “(ii) the required trailing documents  
11 are outstanding.

12 “(B) TERMINATION OF INDEMNIFICATION  
13 AGREEMENT.—An indemnification agreement  
14 between an originating lender and the Secretary  
15 described in subparagraph (A) shall only termi-  
16 nate upon receipt by the Secretary of the trail-  
17 ing documents described in that subparagraph  
18 in a form and manner that is acceptable to the  
19 Secretary.

20 “(C) RULE OF CONSTRUCTION.—Nothing  
21 in this paragraph shall be construed as author-  
22 izing the Bureau of Indian Affairs to delay the  
23 issuance of a final certified title status report  
24 and recorded mortgage relating to a loan closed  
25 on Indian trust land.”.

20 “(1) includes a statement of material facts in  
21 support of the claim;

22 “(2) is certified under subsection (y)(1); and

24 amount as may be prescribed in regulations estab-  
25 lished by the Register of Copyrights.

1 “(f) REVIEW OF CLAIMS AND COUNTERCLAIMS.—

2 “(1) CLAIMS.—Upon the filing of a claim under  
3 subsection (e), the claim shall be reviewed by a  
4 Copyright Claims Attorney to ensure that the claim  
5 complies with this chapter and applicable regula-  
6 tions, subject to the following:

7 “(A) If the claim is found to comply, the  
8 claimant shall be notified regarding that com-  
9 pliance and instructed to proceed with service of  
10 the claim under subsection (g).

11 “(B) If the claim is found not to comply,  
12 the claimant shall be notified that the claim is  
13 deficient and be permitted to file an amended  
14 claim not later than 30 days after the date on  
15 which the claimant receives the notice, without  
16 the requirement of an additional filing fee. If  
17 the claimant files a compliant claim within that  
18 30-day period, the claimant shall be so notified  
19 and be instructed to proceed with service of the  
20 claim. If the claim is refiled within that 30-day  
21 period and still fails to comply, the claimant  
22 shall again be notified that the claim is defi-  
23 cient and shall be provided a second oppor-  
24 tunity to amend the claim not later than 30  
25 days after the date of that second notice, with-

1 out the requirement of an additional filing fee.  
2 If the claim is refiled again within that second  
3 30-day period and is compliant, the claimant  
4 shall be so notified and shall be instructed to  
5 proceed with service of the claim, but if the  
6 claim still fails to comply, upon confirmation of  
7 such noncompliance by a Copyright Claims Of-  
8 ficer, the proceeding shall be dismissed without  
9 prejudice. The Copyright Claims Board shall  
10 also dismiss without prejudice any proceeding  
11 in which a compliant claim is not filed within  
12 the applicable 30-day period.

13 “(C)(i) Subject to clause (ii), for purposes  
14 of this paragraph, a claim against an online  
15 service provider for infringement by reason of  
16 the storage of or referral or linking to infring-  
17 ing material that may be subject to the limita-  
18 tions on liability set forth in subsection (b), (c),  
19 or (d) of section 512 shall be considered non-  
20 compliant unless the claimant affirms in the  
21 statement required under subsection (e)(1) of  
22 this section that the claimant has previously no-  
23 tified the service provider of the claimed in-  
24 fringement in accordance with subsection  
25 (b)(2)(E), (c)(3), or (d)(3) of section 512, as

1 applicable, and the service provider failed to re-  
2 move or disable access to the material expedi-  
3 tiously upon the provision of such notice.

4 “(ii) If a claim is found to be noncompliant  
5 under clause (i), the Copyright Claims Board  
6 shall provide the claimant with information con-  
7 cerning the service of such a notice under the  
8 applicable provision of section 512.

9 “(2) COUNTERCLAIMS.—Upon the filing and  
10 service of a counterclaim, the counterclaim shall be  
11 reviewed by a Copyright Claims Attorney to ensure  
12 that the counterclaim complies with the provisions of  
13 this chapter and applicable regulations. If the coun-  
14 terclaim is found not to comply, the counterclaimant  
15 and the other parties to the proceeding shall be noti-  
16 fied that the counterclaim is deficient, and the  
17 counterclaimant shall be permitted to file and serve  
18 an amended counterclaim not later than 30 days  
19 after the date of such notice. If the counterclaimant  
20 files and serves a compliant counterclaim within that  
21 30-day period, the counterclaimant and such other  
22 parties shall be so notified. If the counterclaim is  
23 refiled and served within that 30-day period but still  
24 fails to comply, the counterclaimant and such other  
25 parties shall again be notified that the counterclaim

1 is deficient, and the counterclaimant shall be pro-  
2 vided a second opportunity to amend the counter-  
3 claim not later than 30 days after the date of the  
4 second notice. If the counterclaim is refiled and  
5 served again within that second 30-day period and  
6 is compliant, the counterclaimant and such other  
7 parties shall be so notified, but if the counterclaim  
8 still fails to comply, upon confirmation of such non-  
9 compliance by a Copyright Claims Officer, the coun-  
10 terclaim, but not the proceeding, shall be dismissed  
11 without prejudice.

12 “(3) DISMISSAL FOR UNSUITABILITY.—The  
13 Copyright Claims Board shall dismiss a claim or  
14 counterclaim without prejudice if, upon reviewing  
15 the claim or counterclaim, or at any other time in  
16 the proceeding, the Copyright Claims Board con-  
17 cludes that the claim or counterclaim is unsuitable  
18 for determination by the Copyright Claims Board,  
19 including on account of any of the following:

20 “(A) The failure to join a necessary party.

21 “(B) The lack of an essential witness, evi-  
22 dence, or expert testimony.

23 “(C) The determination of a relevant issue  
24 of law or fact that could exceed either the num-  
25 ber of proceedings the Copyright Claims Board

1           could reasonably administer or the subject mat-  
2           ter competence of the Copyright Claims Board.

3           “(g) SERVICE OF NOTICE AND CLAIMS.—In order to  
4 proceed with a claim against a respondent, a claimant  
5 shall, not later than 90 days after receiving notification  
6 under subsection (f) to proceed with service, file with the  
7 Copyright Claims Board proof of service on the respond-  
8 ent. In order to effectuate service on a respondent, the  
9 claimant shall cause notice of the proceeding and a copy  
10 of the claim to be served on the respondent, either by per-  
11 sonal service or pursuant to a waiver of personal service,  
12 as prescribed in regulations established by the Register of  
13 Copyrights. Such regulations shall include the following  
14 requirements:

15           “(1) The notice of the proceeding shall adhere  
16 to a prescribed form and shall set forth the nature  
17 of the Copyright Claims Board and proceeding, the  
18 right of the respondent to opt out, and the con-  
19 sequences of opting out and not opting out, includ-  
20 ing a prominent statement that, by not opting out  
21 within 60 days after receiving the notice, the re-  
22 spondent—

23           “(A) loses the opportunity to have the dis-  
24 pute decided by a court created under article

1 III of the Constitution of the United States;  
2 and

3 “(B) waives the right to a jury trial re-  
4 garding the dispute.

5 “(2) The copy of the claim served on the re-  
6 spondent shall be the same as the claim that was  
7 filed with the Copyright Claims Board.

8 “(3) Personal service of a notice and claim may  
9 be effected by an individual who is not a party to  
10 the proceeding and is older than 18 years of age.

11 “(4) An individual, other than a minor or in-  
12 competent individual, may be served by—

13 “(A) complying with State law for serving  
14 a summons in an action brought in courts of  
15 general jurisdiction in the State where service is  
16 made;

17 “(B) delivering a copy of the notice and  
18 claim to the individual personally;

19 “(C) leaving a copy of the notice and claim  
20 at the individual’s dwelling or usual place of  
21 abode with someone of suitable age and discre-  
22 tion who resides there; or

23 “(D) delivering a copy of the notice and  
24 claim to an agent designated by the respondent  
25 to receive service of process or, if not so des-

1           ignated, an agent authorized by appointment or  
2           by law to receive service of process.

3           “(5)(A) A corporation, partnership, or unincor-  
4           porated association that is subject to suit in courts  
5           of general jurisdiction under a common name shall  
6           be served by delivering a copy of the notice and  
7           claim to its service agent. If such service agent has  
8           not been designated, service shall be accomplished—

9                   “(i) by complying with State law for serv-  
10           ing a summons in an action brought in courts  
11           of general jurisdiction in the State where serv-  
12           ice is made; or

13                   “(ii) by delivering a copy of the notice and  
14           claim to an officer, a managing or general  
15           agent, or any other agent authorized by ap-  
16           pointment or by law to receive service of proc-  
17           ess in an action brought in courts of general ju-  
18           risdiction in the State where service is made  
19           and, if the agent is one authorized by statute  
20           and the statute so requires, by also mailing a  
21           copy of the notice and claim to the respondent.

22           “(B) A corporation, partnership, or unincor-  
23           porated association that is subject to suit in courts  
24           of general jurisdiction under a common name may  
25           elect to designate a service agent to receive notice of

1 a claim against it before the Copyright Claims  
2 Board by complying with requirements that the Reg-  
3 ister of Copyrights shall establish by regulation. The  
4 Register of Copyrights shall maintain a current di-  
5 rectory of service agents that is available to the pub-  
6 lic for inspection, including through the internet,  
7 and may require such corporations, partnerships,  
8 and unincorporated associations designating such  
9 service agents to pay a fee to cover the costs of  
10 maintaining the directory.

11 “(6) In order to request a waiver of personal  
12 service, the claimant may notify a respondent, by  
13 first class mail or by other reasonable means, that  
14 a proceeding has been commenced, such notice to be  
15 made in accordance with regulations established by  
16 the Register of Copyrights, subject to the following:

17 “(A) Any such request shall be in writing,  
18 shall be addressed to the respondent, and shall  
19 be accompanied by a prescribed notice of the  
20 proceeding, a copy of the claim as filed with the  
21 Copyright Claims Board, a prescribed form for  
22 waiver of personal service, and a prepaid or  
23 other means of returning the form without cost.

24 “(B) The request shall state the date on  
25 which the request is sent, and shall provide the

1           respondent a period of 30 days, beginning on  
2           the date on which the request is sent, to return  
3           the waiver form signed by the respondent. The  
4           signed waiver form shall, for purposes of this  
5           subsection, constitute acceptance and proof of  
6           service as of the date on which the waiver is  
7           signed.

8           “(7)(A) A respondent’s waiver of personal serv-  
9           ice shall not constitute a waiver of the respondent’s  
10          right to opt out of the proceeding.

11          “(B) A respondent who timely waives personal  
12          service under paragraph (6) and does not opt out of  
13          the proceeding shall be permitted a period of 30  
14          days, in addition to the period otherwise permitted  
15          under the applicable procedures of the Copyright  
16          Claims Board, to submit a substantive response to  
17          the claim, including any defenses and counterclaims.

18          “(8) A minor or an incompetent individual may  
19          only be served by complying with State law for serv-  
20          ing a summons or like process on such an individual  
21          in an action brought in the courts of general juris-  
22          diction of the State where service is made.

23          “(9) Service of a claim and waiver of personal  
24          service may only be effected within the United  
25          States.

1           “(h) NOTIFICATION BY COPYRIGHT CLAIMS  
2 BOARD.—The Register of Copyrights shall establish regu-  
3 lations providing for a written notification to be sent by,  
4 or on behalf of, the Copyright Claims Board to notify the  
5 respondent of a pending proceeding against the respond-  
6 ent, as set forth in those regulations, which shall—

7           “(1) include information concerning the re-  
8 spondent’s right to opt out of the proceeding, the  
9 consequences of opting out and not opting out, and  
10 a prominent statement that, by not opting out with-  
11 in 60 days after the date of service under subsection  
12 (g), the respondent loses the opportunity to have the  
13 dispute decided by a court created under article III  
14 of the Constitution of the United States and waives  
15 the right to a jury trial regarding the dispute; and

16           “(2) be in addition to, and separate and apart  
17 from, the notice requirements under subsection (g).

18           “(i) OPT-OUT PROCEDURE.—Upon being properly

21 beginning on the date of service, in which to provide writ-  
22 ten notice of such choice to the Copyright Claims Board,  
23 in accordance with regulations established by the Register  
24 of Copyrights. If proof of service has been filed by the  
25 claimant and the respondent does not submit an opt-out

1 notice to the Copyright Claims Board within that 60-day  
2 period, the proceeding shall be deemed an active pro-  
3 ceeding and the respondent shall be bound by the deter-  
4 mination in the proceeding to the extent provided under  
5 section 1507(a). If the respondent opts out of the pro-  
6 ceeding during that 60-day period, the proceeding shall  
7 be dismissed without prejudice, except that, in exceptional  
8 circumstances and upon written notice to the claimant, the  
9 Copyright Claims Board may extend that 60-day period  
10 in the interests of justice.

11 “(j) SERVICE OF OTHER DOCUMENTS.—Documents  
12 submitted or relied upon in a proceeding, other than the  
13 notice and claim, shall be served in accordance with regu-

15 “(k) SCHEDULING.—Upon confirmation that a pro-  
16 ceeding has become an active proceeding, the Copyright  
17 Claims Board shall issue a schedule for the future conduct  
18 of the proceeding. The schedule shall not specify a time  
19 that a claimant or counterclaimant is required make an  
20 election of damages that is inconsistent with section  
21 1504(e). A schedule issued by the Copyright Claims Board  
22 may be amended by the Copyright Claims Board in the  
23 interests of justice.

24 “(l) CONFERENCES.—One or more Copyright Claims  
25 Officers may hold a conference to address case manage-

2 noted upon the record of the proceeding and may be re-  
3 corded or transcribed.

4 “(m) PARTY SUBMISSIONS.—A proceeding of the

9 quests to the Copyright Claims Board to address  
10 case management and discovery matters, and submit  
11 responses thereto; and

12 “(2) the Copyright Claims Board may request

17 “(n) DISCOVERY.—Discovery in a proceeding shall be  
18 limited to the production of relevant information and doc-  
19 uments, written interrogatories, and written requests for  
20 admission, as provided in regulations established by the  
21 Register of Copyrights, except that—

23 cause shown, the Copyright Claims Board may ap-  
24 prove additional relevant discovery, on a limited  
25 basis, in particular matters, and may request spe-

1        cific information and documents from participants in  
2        the proceeding and voluntary submissions from non-  
3        participants, consistent with the interests of justice;

4            “(2) upon the request of a party, and for good  
5        cause shown, the Copyright Claims Board may issue  
6        a protective order to limit the disclosure of docu-  
7        ments or testimony that contain confidential infor-  
8        mation; and

9            “(3) after providing notice and an opportunity  
10       to respond, and upon good cause shown, the Copy-  
11       right Claims Board may apply an adverse inference  
12       with respect to disputed facts against a party who  
13       has failed to timely provide discovery materials in  
14       response to a proper request for materials that could  
15       be relevant to such facts.

16       “(o) EVIDENCE.—The Copyright Claims Board may  
17       consider the following types of evidence in a proceeding,  
18       and such evidence may be admitted without application  
19       of formal rules of evidence:

21       evidence that is relevant to the claims, counter-  
22       claims, or defenses in the proceeding.

23            “(2) Testimonial evidence, submitted under  
24       penalty of perjury in written form or in accordance  
25       with subsection (p), limited to statements of the par-

2 claims, counterclaims, and defenses in a proceeding,  
3 except that, in exceptional cases, expert witness tes-  
4 timony or other types of testimony may be permitted  
5 by the Copyright Claims Board for good cause  
6 shown.

7 “(p) HEARINGS.—The Copyright Claims Board may  
8 conduct a hearing to receive oral presentations on issues  
9 of fact or law from parties and witnesses to a proceeding,  
10 including oral testimony, subject to the following:

11 “(1) Any such hearing shall be attended by not  
12 fewer than 2 of the Copyright Claims Officers.

13 “(2) The hearing shall be noted upon the record  
14 of the proceeding and, subject to paragraph (3), may  
15 be recorded or transcribed as deemed necessary by  
16 the Copyright Claims Board.

17 “(3) A recording or transcript of the hearing  
18 shall be made available to any Copyright Claims Of-  
19 ficer who is not in attendance.

20 “(q) VOLUNTARY DISMISSAL.—

21 “(1) BY CLAIMANT.—Upon the written request  
22 of a claimant that is received before a respondent  
23 files a response to the claim in a proceeding, the  
24 Copyright Claims Board shall dismiss the pro-

7       claim, such dismissal to be without prejudice.

8           “(3) CLASS ACTIONS.—Any party in an active  
9       proceeding before the Copyright Claims Board who  
10      receives notice of a pending or putative class action,  
11      arising out of the same transaction or occurrence, in  
12      which that party is a class member may request in  
13      writing dismissal of the proceeding before the Board.  
14      Upon notice to all claimants and counterclaimants,  
15      the Copyright Claims Board shall dismiss the pro-  
16      ceeding without prejudice.

17      “(r) SETTLEMENT.—

18           “(1) IN GENERAL.—At any time in an active  
19      proceeding, some or all of the parties may—

20           “(A) jointly request a conference with a  
21      Copyright Claims Officer for the purpose of fa-  
22      cilitating settlement discussions; or

23           “(B) submit to the Copyright Claims  
24      Board an agreement providing for settlement

8           “(s) FACTUAL FINDINGS.—Subject to subsection  
9           (n)(3), the Copyright Claims Board shall make factual

11          “(3) PUBLICATION.—Each final determination  
12          of the Copyright Claims Board shall be made avail-  
13          able on a publicly accessible website. The Register  
14          shall establish regulations with respect to the publi-  
15          cation of other records and information relating to  
16          such determinations, including the redaction of  
17          records to protect confidential information that is  
18          the subject of a protective order under subsection  
19          (n)(2).

20          “(4) FREEDOM OF INFORMATION ACT.—All in-  
21          formation relating to proceedings of the Copyright  
22          Claims Board under this chapter is exempt from dis-

4 ceeding, as demonstrated by the respondent’s failure,  
5 without justifiable cause, to meet 1 or more deadlines or  
6 requirements set forth in the schedule adopted by the  
7 Copyright Claims Board under subsection (k), the Copy-  
8 right Claims Board may enter a default determination, in-  
9 cluding the dismissal of any counterclaim asserted by the  
10 respondent, as follows and in accordance with such other  
11 requirements as the Register of Copyrights may establish  
12 by regulation:

13           “(1) The Copyright Claims Board shall require  
14 the claimant to submit relevant evidence and other

18 claimant, shall determine whether the materials so  
19 submitted are sufficient to support a finding in favor  
20 of the claimant under applicable law and, if so, the  
21 appropriate relief and damages, if any, to be award-  
22 ed.

23           “(2) If the Copyright Claims Board makes an  
24 affirmative determination under paragraph (1), the

4 ceeding before the Copyright Claims Board, of the  
5 pendency of a default determination by the Copy-  
6 right Claims Board and of the legal significance of  
7 such determination. Such notice shall be accom-  
8 panied by the proposed default determination and  
9 shall provide that the respondent has a period of 30  
10 days, beginning on the date of the notice, to submit  
11 any evidence or other information in opposition to  
12 the proposed default determination.

13 “(3) If the respondent responds to the notice  
14 provided under paragraph (2) within the 30-day pe-  
15 riod provided in such paragraph, the Copyright  
16 Claims Board shall consider the respondent’s sub-  
17 missions and, after allowing the other parties to ad-  
18 dress such submissions, maintain, or amend its pro-  
19 posed determination as appropriate, and the result-  
20 ing determination shall not be a default determina-  
21 tion.

22 “(4) If the respondent fails to respond to the  
23 notice provided under paragraph (2), the Copyright  
24 Claims Board shall proceed to issue the default de-  
25 termination as a final determination. Thereafter, the

1       respondent may only challenge such determination to  
2       the extent permitted under section 1508(c), except  
3       that, before any additional proceedings are initiated  
4       under section 1508, the Copyright Claims Board  
5       may, in the interests of justice, vacate the default  
6       determination.

7       “(v) CLAIMANT’S FAILURE TO PROCEED.—

8               “(1) FAILURE TO COMPLETE SERVICE.—If a  
9       claimant fails to complete service on a respondent  
10      within the 90-day period required under subsection  
11      (g), the Copyright Claims Board shall dismiss that  
12      respondent from the proceeding without prejudice. If  
13      a claimant fails to complete service on all respond-  
14      ents within that 90-day period, the Copyright Claims  
15      Board shall dismiss the proceeding without preju-  
16      dice.

17              “(2) FAILURE TO PROSECUTE.—If a claimant  
18      fails to proceed in an active proceeding, as dem-  
19      onstrated by the claimant’s failure, without justifi-  
20      able cause, to meet 1 or more deadlines or require-  
21      ments set forth in the schedule adopted by the Copy-  
22      right Claims Board under subsection (k), the Copy-  
23      right Claims Board may, upon providing written no-  
24      tice to the claimant and a period of 30 days, begin-  
25      ning on the date of the notice, to respond to the no-

1           tice, and after considering any such response, issue  
2           a determination dismissing the claimant’s claims,  
3           which shall include an award of attorneys’ fees and  
4           costs, if appropriate, under subsection (y)(2). There-  
5           after, the claimant may only challenge such deter-  
6           mination to the extent permitted under section  
7           1508(e), except that, before any additional pro-  
8           ceedings are initiated under section 1508, the Copy-  
9           right Claims Board may, in the interests of justice,  
10          vacate the determination of dismissal.

11          “(w) REQUEST FOR RECONSIDERATION.—A party  
12          may, not later than 30 days after the date on which the  
13          Copyright Claims Board issues a final determination in  
14          a proceeding under this chapter, submit a written request  
15          for reconsideration of, or an amendment to, such deter-  
16          mination if the party identifies a clear error of law or fact  
17          material to the outcome, or a technical mistake. After pro-  
18          viding the other parties an opportunity to address such  
19          request, the Copyright Claims Board shall either deny the  
20          request or issue an amended final determination.

21          “(x) REVIEW BY REGISTER.—If the Copyright  
22          Claims Board denies a party a request for reconsideration  
23          of a final determination under subsection (w), that party  
24          may, not later than 30 days after the date of such denial,  
25          request review of the final determination by the Register

1 of Copyrights in accordance with regulations established  
2 by the Register. Such request shall be accompanied by a  
3 reasonable filing fee, as provided in such regulations. The  
4 review by the Register shall be limited to consideration  
5 of whether the Copyright Claims Board abused its discre-  
6 tion in denying reconsideration of the determination. After  
7 providing the other parties an opportunity to address the  
8 request, the Register shall either deny the request for re-  
9 view, or remand the proceeding to the Copyright Claims  
10 Board for reconsideration of issues specified in the remand  
11 and for issuance of an amended final determination. Such  
12 amended final determination shall not be subject to fur-  
13 ther consideration or review, other than under section  
14 1508(c).

15 “(y) CONDUCT OF PARTIES AND ATTORNEYS.—

16 “(1) CERTIFICATION.—The Register of Copy-  
17 rights shall establish regulations requiring certifi-  
18 cation of the accuracy and truthfulness of state-  
19 ments made by participants in proceedings before  
20 the Copyright Claims Board.

21 “(2) BAD FAITH CONDUCT.—Notwithstanding  
22 any other provision of law, in any proceeding in  
23 which a determination is rendered and it is estab-  
24 lished that a party pursued a claim, counterclaim, or  
25 defense for a harassing or other improper purpose,

1 or without a reasonable basis in law or fact, then,  
2 unless inconsistent with the interests of justice, the  
3 Copyright Claims Board shall in such determination  
4 award reasonable costs and attorneys' fees to any  
5 adversely affected party of in an amount of not more  
6 than \$5,000, except that—

7 “(A) if an adversely affected party ap-  
8 peared pro se in the proceeding, the award to  
9 that party shall be for costs only, in an amount  
10 of not more than \$2,500; and

11 “(B) in extraordinary circumstances, such  
12 as where a party has demonstrated a pattern or  
13 practice of bad faith conduct as described in  
14 this paragraph, the Copyright Claims Board  
15 may, in the interests of justice, award costs and  
16 attorneys' fees in excess of the limitations  
17 under this paragraph.

18 “(3) ADDITIONAL PENALTY.—If the Board  
19 finds that on more than 1 occasion within a 12-  
20 month period a party pursued a claim, counterclaim,  
21 or defense before the Copyright Claims Board for a  
22 harassing or other improper purpose, or without a  
23 reasonable basis in law or fact, that party shall be  
24 barred from initiating a claim before the Copyright  
25 Claims Board under this chapter for a period of 12

1 months beginning on the date on which the Board  
2 makes such a finding. Any proceeding commenced  
3 by that party that is still pending before the Board  
4 when such a finding is made shall be dismissed with-  
5 out prejudice, except that if a proceeding has been  
6 deemed active under subsection (i), the proceeding  
7 shall be dismissed under this paragraph only if the  
8 respondent provides written consent thereto.

9 “(z) REGULATIONS FOR SMALLER CLAIMS.—The  
10 Register of Copyrights shall establish regulations to pro-  
11 vide for the consideration and determination, by not fewer  
12 than 1 Copyright Claims Officer, of any claim under this  
13 chapter in which total damages sought do not exceed  
14 \$5,000 (exclusive of attorneys’ fees and costs). A deter-  
15 mination issued under this subsection shall have the same  
16 effect as a determination issued by the entire Copyright  
17 Claims Board.

18 “(aa) OPT-OUT FOR LIBRARIES AND ARCHIVES.—

19 “(1) IN GENERAL.—The Register of Copyrights  
20 shall establish regulations allowing for a library or  
21 archives that does not wish to participate in pro-  
22 ceedings before the Copyright Claims Board to pre-  
23 emptively opt out of such proceedings.

24 “(2) PROCEDURES.—The regulations estab-  
25 lished under paragraph (1) shall—

1           “(A) set forth procedures for preemptively  
2           opting out of proceedings before the Copyright  
3           Claims Board; and

4           “(B) require that the Copyright Office  
5           compile and maintain a publicly available list of  
6           the libraries and archives that have successfully  
7           opted out of proceedings in accordance with the  
8           procedures described in subparagraph (A).

9           “(3) NO FEE OR RENEWAL REQUIRED.—The  
10          Register of Copyrights may not—

11           “(A) charge a library or archives a fee to  
12           preemptively opt out of proceedings under this  
13           subsection; or

14           “(B) require a library or archives to renew  
15           a decision to preemptively opt out of pro-  
16           ceedings under this subsection.

17           “(4) DEFINITIONS.—For purposes of this sub-  
18          section, the terms ‘library’ and ‘archives’ mean any  
19          library or archives, respectively, that qualifies for the  
20          limitations on exclusive rights under section 108.

21          **“§ 1507. Effect of proceeding**

22           “(a) DETERMINATION.—Subject to the reconsider-  
23          ation and review processes provided under subsections (w)  
24          and (x) of section 1506 and section 1508(c), the issuance  
25          of a final determination by the Copyright Claims Board

1 in a proceeding, including a default determination or de-  
2 termination based on a failure to prosecute, shall, solely  
3 with respect to the parties to such determination, preclude  
4 relitigation before any court or tribunal, or before the  
5 Copyright Claims Board, of the claims and counterclaims  
6 asserted and finally determined by the Board, and may  
7 be relied upon for such purpose in a future action or pro-  
8 ceeding arising from the same specific activity or activi-  
9 ties, subject to the following:

10           “(1) A determination of the Copyright Claims  
11 Board shall not preclude litigation or relitigation as  
12 between the same or different parties before any  
13 court or tribunal, or the Copyright Claims Board, of  
14 the same or similar issues of fact or law in connec-  
15 tion with claims or counterclaims not asserted or not  
16 finally determined by the Copyright Claims Board.

17           “(2) A determination of ownership of a copy-  
18 righted work for purposes of resolving a matter be-  
19 fore the Copyright Claims Board may not be relied  
20 upon, and shall not have any preclusive effect, in  
21 any other action or proceeding before any court or  
22 tribunal, including the Copyright Claims Board.

23           “(3) Except to the extent permitted under this  
24 subsection and section 1508, any determination of  
25 the Copyright Claims Board may not be cited or re-

1        lied upon as legal precedent in any other action or  
2        proceeding before any court or tribunal, including  
3        the Copyright Claims Board.

4        “(b) CLASS ACTIONS NOT AFFECTED.—

5           “(1) IN GENERAL.—A proceeding before the  
6        Copyright Claims Board shall not have any effect on  
7        a class action proceeding in a district court of the  
8        United States, and section 1509(a) shall not apply  
9        to a class action proceeding in a district court of the  
10       United States.

11          “(2) NOTICE OF CLASS ACTION.—Any party to  
12        an active proceeding before the Copyright Claims  
13        Board who receives notice of a pending class action,  
14        arising out of the same transaction or occurrence as  
15        the proceeding before the Copyright Claims Board,  
16        in which the party is a class member shall either—

17           “(A) opt out of the class action, in accord-  
18           ance with regulations established by the Reg-  
19           ister of Copyrights; or

20           “(B) seek dismissal under section  
21           1506(q)(3) of the proceeding before the Copy-  
22           right Claims Board.

23          “(c) OTHER MATERIALS IN PROCEEDING.—Except  
24        as permitted under this section and section 1508, a sub-  
25        mission or statement of a party or witness made in connec-

1 tion with a proceeding before the Copyright Claims Board,  
2 including a proceeding that is dismissed, may not be cited  
3 or relied upon in, or serve as the basis of, any action or  
4 proceeding concerning rights or limitations on rights  
5 under this title before any court or tribunal, including the  
6 Copyright Claims Board.

7 “(d) APPLICABILITY OF SECTION 512(g).—A claim  
8 or counterclaim before the Copyright Claims Board that  
9 is brought under subsection (c)(1) or (c)(4) of section  
10 1504, or brought under subsection (c)(6) of section 1504  
11 and that relates to a claim under subsection (c)(1) or  
12 (c)(4) of such section, qualifies as an action seeking an  
13 order to restrain a subscriber from engaging in infringing  
14 activity under section 512(g)(2)(C) if—

15 “(1) notice of the commencement of the Copy-  
16 right Claims Board proceeding is provided by the  
17 claimant to the service provider’s designated agent  
18 before the service provider replaces the material fol-  
19 lowing receipt of a counter notification under section  
20 512(g); and

21 “(2) the claim brought alleges infringement of  
22 the material identified in the notification of claimed  
23 infringement under section 512(c)(1)(C).

24 “(e) FAILURE TO ASSERT COUNTERCLAIM.—The  
25 failure or inability to assert a counterclaim in a proceeding

1 before the Copyright Claims Board shall not preclude the  
2 assertion of that counterclaim in a subsequent court action  
3 or proceeding before the Copyright Claims Board.

4 “(f) OPT-OUT OR DISMISSAL OF PARTY.—If a party  
5 has timely opted out of a proceeding under section 1506(i)  
6 or is dismissed from a proceeding before the Copyright  
7 Claims Board issues a final determination in the pro-  
8 ceeding, the determination shall not be binding upon and  
9 shall have no preclusive effect with respect to that party.

10 **“§ 1508. Review and confirmation by district court**

11 “(a) IN GENERAL.—In any proceeding in which a  
12 party has failed to pay damages, or has failed otherwise  
13 to comply with the relief, awarded in a final determination  
14 of the Copyright Claims Board, including a default deter-  
15 mination or a determination based on a failure to pros-  
16 ecute, the aggrieved party may, not later than 1 year after  
17 the date on which the final determination is issued, any  
18 reconsideration by the Copyright Claims Board or review  
19 by the Register of Copyrights is resolved, or an amended  
20 final determination is issued, whichever occurs last, apply  
21 to the United States District Court for the District of Co-  
22 lumbia or any other appropriate district court of the  
23 United States for an order confirming the relief awarded  
24 in the final determination and reducing such award to  
25 judgment. The court shall grant such order and direct

1 entry of judgment unless the determination is or has been  
2 vacated, modified, or corrected under subsection (c). If the  
3 United States District Court for the District of Columbia  
4 or other district court of the United States, as the case  
5 may be, issues an order confirming the relief awarded by  
6 the Copyright Claims Board, the court shall impose on the  
7 party who failed to pay damages or otherwise comply with  
8 the relief, the reasonable expenses required to secure such  
9 order, including attorneys' fees, that were incurred by the  
10 aggrieved party.

11 “(b) FILING PROCEDURES.—

12 “(1) APPLICATION TO CONFIRM DETERMINA-  
13 TION.—Notice of the application under subsection  
14 (a) for confirmation of a determination of the Copy-  
15 right Claims Board and entry of judgment shall be  
16 provided to all parties to the proceeding before the  
17 Copyright Claims Board that resulted in the deter-  
18 mination, in accordance with the procedures applica-  
19 ble to service of a motion in the district court of the  
20 United States where the application is made.

21 “(2) CONTENTS OF APPLICATION.—The appli-  
22 cation under subsection (a) shall include the fol-  
23 lowing:

24 “(A) A certified copy of the final or  
25 amended final determination of the Copyright

1 Claims Board, as reflected in the records of the  
2 Copyright Claims Board, following any process  
3 of reconsideration or review by the Register of  
4 Copyrights, to be confirmed and rendered to  
5 judgment.

7 penalty of perjury—

8 “(i) that the copy is a true and cor-

11 tion was issued;

12 “(iii) stating the basis for the chal-

17 of the Copyright Claims Board.

18 “(c) CHALLENGES TO THE DETERMINATION.—

19 “(1) BASES FOR CHALLENGE.—Not later than  
20 90 days after the date on which the Copyright  
21 Claims Board issues a final or amended final deter-  
22 mination in a proceeding, or not later than 90 days  
23 after the date on which the Register of Copyrights  
24 completes any process of reconsideration or review of  
25 the determination, whichever occurs later, a party

1       may seek an order from a district court of the  
2       United States vacating, modifying, or correcting the  
3       determination of the Copyright Claims Board in the  
4       following cases:

5               “(A) If the determination was issued as a  
6               result of fraud, corruption, misrepresentation,  
7               or other misconduct.

8               “(B) If the Copyright Claims Board ex-  
9               ceeded its authority or failed to render a final  
10              determination concerning the subject matter at  
11              issue.

12              “(C) In the case of a default determination  
13              or determination based on a failure to pros-

16              “(2) PROCEDURE TO CHALLENGE.—

17              “(A) NOTICE OF APPLICATION.—Notice of  
18              the application to challenge a determination of  
19              the Copyright Claims Board shall be provided  
20              to all parties to the proceeding before the Copy-  
21              right Claims Board, in accordance with the pro-  
22              cedures applicable to service of a motion in the  
23              court where the application is made.

24              “(B) STAYING OF PROCEEDINGS.—For  
25              purposes of an application under this sub-

1 section, any judge who is authorized to issue an  
2 order to stay the proceedings in another action  
3 brought in the same court may issue an order,  
4 to be served with the notice of application, stay-  
5 ing proceedings to enforce the award while the  
6 challenge is pending.

7 **“§ 1509. Relationship to other district court actions**

8 “(a) STAY OF DISTRICT COURT PROCEEDINGS.—  
9 Subject to section 1507(b), a district court of the United  
10 States shall issue a stay of proceedings or such other relief  
11 as the court determines appropriate with respect to any  
12 claim brought before the court that is already the subject  
13 of a pending or active proceeding before the Copyright  
14 Claims Board.

15 “(b) ALTERNATIVE DISPUTE RESOLUTION PROC-  
16 ESS.—A proceeding before the Copyright Claims Board  
17 under this chapter shall qualify as an alternative dispute  
18 resolution process under section 651 of title 28 for pur-  
19 poses of referral of eligible cases by district courts of the  
20 United States upon the consent of the parties.

21 **“§ 1510. Implementation by Copyright Office**

22 “(a) REGULATIONS.—

23 “(1) IMPLEMENTATION GENERALLY.—The Reg-  
24 ister of Copyrights shall establish regulations to  
25 carry out this chapter. Such regulations shall include

1 the fees prescribed under subsections (e) and (x) of  
2 section 1506. The authority to issue such fees shall  
3 not limit the authority of the Register of Copyrights  
4 to establish fees for services under section 708. All  
5 fees received by the Copyright Office in connection  
6 with the activities under this chapter shall be depos-  
7 ited by the Register of Copyrights and credited to  
8 the appropriations for necessary expenses of the Of-

10 lishing regulations under this subsection, the Reg-  
11 ister of Copyrights shall provide for the efficient ad-

16 harassing or improper use of the Copyright Claims  
17 Board by any party.

18 “(2) LIMITS ON MONETARY RELIEF.—

19 “(A) IN GENERAL.—Subject to subpara-  
20 graph (B), not earlier than 3 years after the  
21 date on which Copyright Claims Board issues  
22 the first determination of the Copyright Claims  
23 Board, the Register of Copyrights may, in order  
24 to further the goals of the Copyright Claims  
25 Board, conduct a rulemaking to adjust the lim-

1 its on monetary recovery or attorneys' fees and  
2 costs that may be awarded under this chapter.

3 “(B) EFFECTIVE DATE OF ADJUST-  
4 MENT.—Any rule under subparagraph (A) that  
5 makes an adjustment shall take effect at the  
6 end of the 120-day period beginning on the  
7 date on which the Register of Copyrights sub-  
8 mits the rule to Congress and only if Congress  
9 does not, during that 120-day period, enact a  
10 law that provides in substance that Congress  
11 does not approve the rule.

12 “(b) NECESSARY FACILITIES.—Subject to applicable  
13 law, the Register of Copyrights may retain outside vendors

20 amount of not less than \$100, may not exceed the cost  
21 of filing an action in a district court of the United States,  
22 and shall be fixed in amounts that further the goals of  
23 the Copyright Claims Board.

1 **“§ 1511. Funding**

2 “There are authorized to be appropriated such sums

6 cluding the costs of establishing and maintaining the  
7 Copyright Claims Board and its facilities.”.

8 (c) CLERICAL AMENDMENT.—The table of chapters

1 **SEC. 222. DEFINITIONS.**

2 In this subtitle:

3 (1) **DIRECTOR.**—The term “Director” means  
4 the Under Secretary of Commerce for Intellectual  
5 Property and Director of the United States Patent  
6 and Trademark Office.

7 (2) **TRADEMARK ACT OF 1946.**—The term  
8 “Trademark Act of 1946” means the Act entitled  
9 “An Act to provide for the registration and protec-  
10 tion of trademarks used in commerce, to carry out  
11 the provisions of certain international conventions,  
12 and for other purposes”, approved July 5, 1946 (15  
13 U.S.C. 1051 et. seq) (commonly referred to as the  
14 “Trademark Act of 1946” or the “Lanham Act”).

15 **SEC. 223. PROVIDING FOR THIRD-PARTY SUBMISSION OF**  
16 **EVIDENCE DURING EXAMINATION.**

17 (a) **AMENDMENT.**—Section 1 of the Trademark Act  
18 of 1946 (15 U.S.C. 1051) is amended by adding at the  
19 end the following:

20 “(f) A third party may submit for consideration for  
21 inclusion in the record of an application evidence relevant  
22 to a ground for refusal of registration. The third-party  
23 submission shall identify the ground for refusal and in-  
24 clude a concise description of each piece of evidence sub-  
25 mitted in support of each identified ground for refusal.  
26 Not later than 2 months after the date on which the sub-

1 mission is filed, the Director shall determine whether the  
2 evidence should be included in the record of the applica-  
3 tion. The Director shall establish by regulation appro-  
4 priate procedures for the consideration of evidence sub-  
5 mitted by a third party under this subsection and may  
6 prescribe a fee to accompany the submission. If the Direc-  
7 tor determines that the third-party evidence should be in-  
8 cluded in the record of the application, only the evidence  
9 and the ground for refusal to which the evidence relates  
10 may be so included. Any determination by the Director  
11 whether or not to include evidence in the record of an ap-  
12 plication shall be final and non-reviewable, and a deter-  
13 mination to include or to not include evidence in the record  
14 shall not prejudice any party's right to raise any issue and  
15 rely on any evidence in any other proceeding.”.

16 (b) DEADLINE FOR PROCEDURES.—Not later than 1  
17 year after the date of enactment of this Act, the Director  
18 shall establish the appropriate procedures described in sec-  
19 tion 1(f) of the Trademark Act of 1946, as added by sub-  
20 section (a).

21 (c) EFFECTIVE DATE.—The amendment made by  
22 subsection (a) shall take effect 1 year after the date of  
23 enactment of this Act.

1 **SEC. 224. PROVIDING FOR FLEXIBLE RESPONSE PERIODS.**

2 Section 12(b) of the Trademark Act of 1946 (15  
3 U.S.C. 1062(b)) is amended to read as follows:

4 “(b)(1) If the applicant is found not entitled to reg-  
5 istration, the examiner shall notify the applicant thereof  
6 and of the reasons therefor. The applicant may reply or  
7 amend the application, which shall then be reexamined.  
8 This procedure may be repeated until the examiner finally  
9 refuses registration of the mark or the application is aban-  
10 doned as described in paragraph (2).

11 “(2) After notification under paragraph (1), the ap-  
12 plicant shall have a period of 6 months in which to reply  
13 or amend the application, or such shorter time that is not  
14 less than 60 days, as prescribed by the Director by regula-  
15 tion. If the applicant fails to reply or amend or appeal  
16 within the relevant time period, including any extension  
17 under paragraph (3), the application shall be deemed to  
18 have been abandoned, unless it can be shown to the satis-  
19 faction of the Director that the delay in responding was  
20 unintentional, in which case the application may be revived  
21 and such time may be extended. The Director may pre-  
22 scribe a fee to accompany any request to revive.

23 “(3) The Director shall provide, by regulation, for ex-  
24 tensions of time to respond to the examiner for any time  
25 period under paragraph (2) that is less than 6 months.  
26 The Director shall allow the applicant to obtain extensions

1 of time to reply or amend aggregating 6 months from the  
2 date of notification under paragraph (1) when the appli-  
3 cant so requests. However, the Director may set by regula-  
4 tion the time for individual periods of extension, and pre-  
5 scribe a fee, by regulation, for any extension request. Any  
6 request for extension shall be filed on or before the date  
7 on which a reply or amendment is due under paragraph  
8 (1).”.

9 **SEC. 225. EX PARTE EXPUNGEMENT; EX PARTE REEXAM-**  
10 **INATION; NEW GROUNDS FOR CANCELLA-**  
11 **TION.**

12 (a) EX PARTE EXPUNGEMENT.—The Trademark Act  
13 of 1946 is amended by inserting after section 16 (15  
14 U.S.C. 1066) the following:

15 **“SEC. 16A. EX PARTE EXPUNGEMENT.**

16 “(a) PETITION.—Notwithstanding sections 7(b) and  
17 22, and subsections (a) and (b) of section 33, any person  
18 may file a petition to expunge a registration of a mark  
19 on the basis that the mark has never been used in com-  
20 merce on or in connection with some or all of the goods  
21 or services recited in the registration.

22 “(b) CONTENTS OF PETITION.—A petition filed  
23 under subsection (a), together with any supporting docu-  
24 ments, shall—

1           “(1) identify the registration that is the subject  
2 of the petition;

3           “(2) identify each good or service recited in the  
4 registration for which it is alleged that the mark has  
5 never been used in commerce;

6           “(3) include a verified statement that sets  
7 forth—

8                   “(A) the elements of the reasonable inves-  
9 tigation the petitioner conducted to determine  
10 that the mark has never been used in commerce  
11 on or in connection with the goods and services  
12 identified in the petition; and

13                   “(B) any additional facts that support the  
14 allegation that the mark has never been used in  
15 commerce on or in connection with the identi-  
16 fied goods and services;

17           “(4) include any supporting evidence on which  
18 the petitioner relies; and

19           “(5) be accompanied by the fee prescribed by  
20 the Director.

21           “(c) INITIAL DETERMINATION; INSTITUTION.—

22                   “(1) PRIMA FACIE CASE DETERMINATION, IN-  
23 STITUTION, AND NOTIFICATION.—The Director  
24 shall, for each good or service identified under sub-  
25 section (b)(2), determine whether the petition sets

1       forth a prima facie case of the mark having never  
2       been used in commerce on or in connection with  
3       each such good or service, institute an ex parte  
4       expungement proceeding for each good or service for  
5       which the Director determines that a prima facie  
6       case has been set forth, and provide a notice to the  
7       registrant and petitioner of the determination of  
8       whether or not the proceeding was instituted. Such  
9       notice shall include a copy of the petition and any  
10      supporting documents and evidence that were in-  
11      cluded with the petition.

12           “(2) REASONABLE INVESTIGATION GUID-  
13      ANCE.—The Director shall promulgate regulations  
14      regarding what constitutes a reasonable investigation  
15      under subsection (b)(3) and the general types of evi-  
16      dence that could support a prima facie case that a  
17      mark has never been used in commerce, but the Di-  
18      rector shall retain the discretion to determine wheth-  
19      er a prima facie case is set out in a particular pro-  
20      ceeding.

21           “(3) DETERMINATION BY DIRECTOR.—Any de-  
22      termination by the Director whether or not to insti-  
23      tute a proceeding under this section shall be final  
24      and non-reviewable, and shall not prejudice any par-  
25      ty’s right to raise any issue and rely on any evidence

1 in any other proceeding, except as provided in sub-  
2 section (j).

3 “(d) EX PARTE EXPUNGEMENT PROCEDURES.—The  
4 procedures for ex parte expungement shall be the same  
5 as the procedures for examination under section 12(b), ex-  
6 cept that the Director shall promulgate regulations estab-  
7 lishing and governing a proceeding under this section,  
8 which may include regulations that—

9 “(1) set response and extension times particular  
10 to this type of proceeding, which, notwithstanding  
11 section 12(b)(3), need not be extendable to 6  
12 months;

13 “(2) set limits governing the timing and num-  
14 ber of petitions filed for a particular registration or  
15 by a particular petitioner or real parties in interest;  
16 and

17 “(3) define the relation of a proceeding under  
18 this section to other proceedings concerning the  
19 mark.

20 “(e) REGISTRANT’S EVIDENCE OF USE.—A reg-  
21 istrant’s documentary evidence of use shall be consistent  
22 with when a mark shall be deemed to be in use in com-  
23 merce under the definition of ‘use in commerce’ in section  
24 45, but shall not be limited in form to that of specimens  
25 as provided in section 1(a).

1           “(f) **EXCUSABLE NONUSE.**—During an ex parte  
2 expungement proceeding, for a mark registered under sec-  
3 tion 44(e) or an extension of protection under section 66,  
4 the registrant may offer evidence showing that any nonuse  
5 is due to special circumstances that excuse such nonuse.  
6 In such a case, the examiner shall determine whether the  
7 facts and evidence demonstrate excusable nonuse and shall  
8 not find that the registration should be cancelled under  
9 subsection (g) for any good or service for which excusable  
10 nonuse is demonstrated.

11           “(g) **EXAMINER’S DECISION; ORDER TO CANCEL.**—  
12 For each good or service for which it is determined that  
13 a mark has never been used in commerce, and for which  
14 the provisions of subsection (f) do not apply, the examiner  
15 shall find that the registration should be cancelled for each  
16 such good or service. A mark shall not be found to have  
17 never been used in commerce if there is evidence of use  
18 in commerce by the registrant that temporally would have  
19 supported registration at the time the application was filed  
20 or the relevant allegation of use was made, or after reg-  
21 istration, but before the petition to expunge was filed  
22 under subsection (a), or an ex parte expungement pro-  
23 ceeding was instituted by the Director under subsection  
24 (h). Unless overturned on review of the examiner’s deci-  
25 sion, the Director shall issue an order cancelling the reg-

1 istration, in whole or in part, after the time for appeal  
2 has expired or any appeal proceeding has terminated.

3 “(h) EX PARTE EXPUNGEMENT BY THE DIREC-  
4 TOR.—

5 “(1) IN GENERAL.—The Director may, on the  
6 Director’s own initiative, institute an ex parte  
7 expungement proceeding if the Director discovers in-  
8 formation that supports a prima facie case of a  
9 mark having never been used in commerce on or in  
10 connection with any good or service covered by a  
11 registration. The Director shall promptly notify the  
12 registrant of such determination, at which time the  
13 ex parte expungement proceeding shall proceed ac-  
14 cording to the same procedures for ex parte  
15 expungement established pursuant to subsection (d).  
16 If the Director determines, based on the Director’s  
17 own initiative, to institute an expungement pro-  
18 ceeding, the Director shall transmit or make avail-  
19 able the information that formed the basis for that  
20 determination as part of the institution notice sent  
21 to the registrant.

22 “(2) RULE OF CONSTRUCTION.—Nothing in  
23 this subsection shall be construed to limit any other  
24 authority of the Director.

25 “(i) TIME FOR INSTITUTION.—

1           “(1) WHEN PETITION MAY BE FILED, EX  
2           PARTE EXPUNGEMENT PROCEEDING INSTITUTED.—  
3           A petition for ex parte expungement of a registra-  
4           tion under subsection (a) may be filed, or the Direc-  
5           tor may institute on the Director’s own initiative an  
6           ex parte expungement proceeding of a registration  
7           under subsection (h), at any time following the expi-  
8           ration of 3 years after the date of registration and  
9           before the expiration of 10 years following the date  
10          of registration.

11           “(2) EXCEPTION.—Notwithstanding paragraph  
12          (1), for a period of 3 years after the date of enact-  
13          ment of this section, a petition for expungement of  
14          a registration under subsection (a) may be filed, or  
15          the Director may institute on the Director’s own ini-  
16          tiative an ex parte expungement proceeding of a reg-  
17          istration under subsection (h), at any time following  
18          the expiration of 3 years after the date of registra-  
19          tion.

20          “(j) LIMITATION ON LATER EX PARTE  
21          EXPUNGEMENT PROCEEDINGS.—

22           “(1) NO CO-PENDING PROCEEDINGS.—With re-  
23          spect to a particular registration, while an ex parte  
24          expungement proceeding is pending, no later ex  
25          parte expungement proceeding may be instituted

1 with respect to the same goods or services that are  
2 the subject of a pending ex parte expungement pro-  
3 ceeding.

4 “(2) ESTOPPEL.—With respect to a particular  
5 registration, for goods or services previously subject  
6 to an instituted expungement proceeding for which,  
7 in that proceeding, it was determined that the reg-  
8 istrant had used the mark for particular goods or  
9 services, as relevant, and the registration was not  
10 cancelled as to those goods or services, no further ex  
11 parte expungement proceedings may be initiated as  
12 to those goods or services, regardless of the identity  
13 of the petitioner.

14 “(k) USE IN COMMERCE REQUIREMENT NOT AL-  
15 TERED.—Nothing in this section shall affect the require-  
16 ment for use in commerce of a mark registered under sec-  
17 tion 1(a) or 23.”

18 (b) NEW GROUNDS FOR CANCELLATION.—Section 14  
19 of the Trademark Act of 1946 (15 U.S.C. 1064) is amend-  
20 ed—

21 (1) by striking the colon at the end of para-  
22 graph (5) and inserting a period;

23 (2) by inserting after paragraph (5) the fol-  
24 lowing:

1           “(6) At any time after the 3-year period fol-  
2           lowing the date of registration, if the registered  
3           mark has never been used in commerce on or in con-  
4           nection with some or all of the goods or services re-  
5           cited in the registration.”; and

6           (3) in the flush text following paragraph (6), as  
7           added by paragraph (2) of this subsection, by insert-  
8           ing “Nothing in paragraph (6) shall be construed to  
9           limit the timing applicable to any other ground for  
10          cancellation. A registration under section 44(e) or  
11          66 shall not be cancelled pursuant to paragraph (6)  
12          if the registrant demonstrates that any nonuse is  
13          due to special circumstances that excuse such non-  
14          use.” after “identical certification mark is applied.”.

15          (c) **EX PARTE REEXAMINATION.**—The Trademark  
16 Act of 1946 is amended by inserting after section 16A,  
17 as added by subsection (a), the following:

18          **“SEC. 16B. EX PARTE REEXAMINATION.**

19          “(a) **PETITION FOR REEXAMINATION.**—Any person  
20 may file a petition to reexamine a registration of a mark  
21 on the basis that the mark was not in use in commerce  
22 on or in connection with some or all of the goods or serv-  
23 ices recited in the registration on or before the relevant  
24 date.

1           “(b) RELEVANT DATE.—In this section, the term  
2 ‘relevant date’ means, with respect to an application for  
3 the registration of a mark with an initial filing basis of—

4           “(1) section 1(a) and not amended at any point  
5 to be filed pursuant to section 1(b), the date on  
6 which the application was initially filed; or

7           “(2) section 1(b) or amended at any point to be  
8 filed pursuant to section 1(b), the date on which—

9           “(A) an amendment to allege use under  
10 section 1(c) was filed; or

11           “(B) the period for filing a statement of  
12 use under section 1(d) expired, including all ap-  
13 proved extensions thereof.

14           “(c) REQUIREMENTS FOR THE PETITION.—A peti-  
15 tion filed under subsection (a), together with any sup-  
16 porting documents, shall—

17           “(1) identify the registration that is the subject  
18 of the petition;

19           “(2) identify each good and service recited in  
20 the registration for which it is alleged that the mark  
21 was not in use in commerce on or in connection with  
22 on or before the relevant date;

23           “(3) include a verified statement that sets  
24 forth—

1           “(A) the elements of the reasonable inves-  
2           tigation the petitioner conducted to determine  
3           that the mark was not in use in commerce on  
4           or in connection with the goods and services  
5           identified in the petition on or before the rel-  
6           evant date; and

7           “(B) any additional facts that support the  
8           allegation that the mark was not in use in com-  
9           merce on or before the relevant date on or in  
10          connection with the identified goods and serv-  
11          ices;

12          “(4) include supporting evidence on which the  
13          petitioner relies; and

14          “(5) be accompanied by the fee prescribed by  
15          the Director.

16          “(d) INITIAL DETERMINATION; INSTITUTION.—

17                 “(1) PRIMA FACIE CASE DETERMINATION, IN-  
18                 STITUTION, AND NOTIFICATION.—The Director  
19                 shall, for each good or service identified under sub-  
20                 section (c)(2), determine whether the petition sets  
21                 forth a prima facie case of the mark having not been  
22                 in use in commerce on or in connection with each  
23                 such good or service, institute an ex parte reexam-  
24                 ination proceeding for each good or service for which  
25                 the Director determines that the prima facie case

1 has been set forth, and provide a notice to the reg-  
2 istrant and petitioner of the determination of wheth-  
3 er or not the proceeding was instituted. Such notice  
4 shall include a copy of the petition and any sup-  
5 porting documents and evidence that were included  
6 with the petition.

7 “(2) REASONABLE INVESTIGATION GUID-  
8 ANCE.—The Director shall promulgate regulations  
9 regarding what constitutes a reasonable investigation  
10 under subsection (c)(3) and the general types of evi-  
11 dence that could support a prima facie case that the  
12 mark was not in use in commerce on or in connec-  
13 tion with a good or service on or before the relevant  
14 date, but the Director shall retain discretion to de-  
15 termine whether a prima facie case is set out in a  
16 particular proceeding.

17 “(3) DETERMINATION BY DIRECTOR.—Any de-  
18 termination by the Director whether or not to insti-  
19 tute a reexamination proceeding under this section  
20 shall be final and non-reviewable, and shall not prej-  
21 udice any party’s right to raise any issue and rely  
22 on any evidence in any other proceeding, except as  
23 provided in subsection (j).

24 “(e) REEXAMINATION PROCEDURES.—The proce-  
25 dures for reexamination shall be the same as the proce-

1 dures established under section 12(b) except that the Di-  
2 rector shall promulgate regulations establishing and gov-  
3 erning a proceeding under this section, which may include  
4 regulations that—

5           “(1) set response and extension times particular  
6 to this type of proceeding, which, notwithstanding  
7 section 12(b)(3), need not be extendable to 6  
8 months;

9           “(2) set limits governing the timing and num-  
10 ber of petitions filed for a particular registration or  
11 by a particular petitioner or real parties in interest;  
12 and

13           “(3) define the relation of a reexamination pro-  
14 ceeding under this section to other proceedings con-  
15 cerning the mark.

16           “(f) REGISTRANT’S EVIDENCE OF USE.—A reg-  
17 istrant’s documentary evidence of use shall be consistent  
18 with when a mark shall be deemed to be in use in com-  
19 merce under the definition of ‘use in commerce’ in section  
20 45, but shall not be limited in form to that of specimens  
21 as provided in section 1(a).

22           “(g) EXAMINER’S DECISION; ORDER TO CANCEL.—  
23 For each good or service for which it is determined that  
24 the registration should not have issued because the mark  
25 was not in use in commerce on or before the relevant date,

1 the examiner shall find that the registration should be  
2 cancelled for each such good or service. Unless overturned  
3 on review of the examiner's decision, the Director shall  
4 issue an order cancelling the registration, in whole or in  
5 part, after the time for appeal has expired or any appeal  
6 proceeding has terminated.

7 “(h) REEXAMINATION BY DIRECTOR.—

8 “(1) IN GENERAL.—The Director may, on the  
9 Director's own initiative, institute an ex parte reex-  
10 amination proceeding if the Director discovers infor-  
11 mation that supports a prima facie case of the mark  
12 having not been used in commerce on or in connec-  
13 tion with some or all of the goods or services covered  
14 by the registration on or before the relevant date.  
15 The Director shall promptly notify the registrant of  
16 such determination, at which time reexamination  
17 shall proceed according to the same procedures es-  
18 tablished pursuant to subsection (e). If the Director  
19 determines, based on the Director's own initiative, to  
20 institute an ex parte reexamination proceeding, the  
21 Director shall transmit or make available the infor-  
22 mation that formed the basis for that determination  
23 as part of the institution notice.

1           “(2) RULE OF CONSTRUCTION.—Nothing in  
2 this subsection shall be construed to limit any other  
3 authority of the Director.

4           “(i) TIME FOR INSTITUTION.—A petition for ex parte  
5 reexamination may be filed, or the Director may institute  
6 on the Director’s own initiative an ex parte reexamination  
7 proceeding, at any time not later than 5 years after the  
8 date of registration of a mark registered based on use in  
9 commerce.

10          “(j) LIMITATION ON LATER EX PARTE REEXAMINA-  
11 TION PROCEEDINGS.—

12           “(1) NO CO-PENDING PROCEEDINGS.—With re-  
13 spect to a particular registration, while an ex parte  
14 reexamination proceeding is pending, no later ex  
15 parte reexamination proceeding may be instituted  
16 with respect to the same goods or services that are  
17 the subject of a pending ex parte reexamination pro-  
18 ceeding.

19           “(2) ESTOPPEL.—With respect to a particular  
20 registration, for any goods or services previously  
21 subject to an instituted ex parte reexamination pro-  
22 ceeding for which, in that proceeding, it was deter-  
23 mined that the registrant had used the mark for  
24 particular goods or services before the relevant date,  
25 and the registration was not cancelled as to those

1 goods or services, no further ex parte reexamination  
2 proceedings may be initiated as to those goods or  
3 services, regardless of the identity of the petitioner.

4 “(k) SUPPLEMENTAL REGISTER.—The provisions of  
5 subsection (b) apply, as appropriate, to registrations  
6 under section 23. Nothing in this section shall be con-  
7 strued to limit the timing of a cancellation action under  
8 section 24.”.

9 (d) APPEAL.—

10 (1) APPEAL TO TRADEMARK TRIAL AND APPEAL  
11 BOARD.—Section 20 of the Trademark Act of 1946  
12 (15 U.S.C. 1070) is amended by inserting “or a  
13 final decision by an examiner in an ex parte  
14 expungement proceeding or ex parte reexamination  
15 proceeding” after “registration of marks”.

16 (2) APPEAL TO COURTS.—

17 (A) EXPUNGEMENT OR EX PARTE REEX-

1 equipment unsafe, as determined by the  
2 Secretary.

3 “(B) CONSIDERATION.—In carrying out  
4 subparagraph (A)(ii), the Secretary shall ensure

7 observed abnormal operating conditions (as  
8 defined in section 192.803 of title 49, Code  
9 of Federal Regulations (or a successor reg-  
10 ulation)) in ranking risks and identifying  
11 measures to mitigate those risks; and

12 “(ii) may not determine that there are  
13 no potential consequences associated with

19 years after the date of enactment of this  
20 paragraph, each operator of a distribution

14       liable, and complete records, including maps  
15       and other drawings, critical to ensuring proper  
16       pressure controls for a gas distribution system,  
17       and updating these records as needed, while col-  
18       lecting and identifying other records necessary

16                  capability to promptly shut down the flow of  
17                  gas or control over pressurization at a district  
18                  regulator station during any construction  
19                  project that has the potential to cause a haz-  
20                  ardous overpressurization at that station, in-  
21                  cluding tie-ins and abandonment of distribution  
22                  lines and mains, based on an evaluation, con-

13          each district regulator station of the operator to  
14          ensure that—

15                 “(i) the risk of the gas pressure in the  
16                 distribution system exceeding, by a com-  
17                 mon mode of failure, the maximum allow-

10 (2) REVIEW.—The Administrator may—

1 (A) review the exchange values listed in  
2 the table contained in paragraph (1) on a peri-  
3 odic basis; and

4 (B) subject to notice and opportunity for  
5 public comment, adjust the exchange values  
6 solely on the basis of—

7 (i) the best available science; and

8 (ii) other information consistent with  
9 widely used or commonly accepted existing  
10 exchange values.

11 (3) OTHER REGULATED SUBSTANCES.—

12 (A) IN GENERAL.—Subject to notice and  
13 opportunity for public comment, the Adminis-  
14 trator may designate a substance not included  
15 in the table contained in paragraph (1) as a  
16 regulated substance if—

17 (i) the substance—

18 (I) is a chemical substance that  
19 is a saturated hydrofluorocarbon; and

20 (II) has an exchange value, as  
21 determined by the Administrator in  
22 accordance with the basis described in  
23 paragraph (2)(B), of greater than 53;  
24 and

1                   (ii) the designation of the substance  
2                   as a regulated substance would be con-  
3                   sistent with the purposes of this section.

4                   (B) SAVINGS PROVISION.—

5                   (i) IN GENERAL.—Nothing in this  
6                   paragraph authorizes the Administrator to  
7                   designate as a regulated substance a blend  
8                   of substances that includes a saturated  
9                   hydrofluorocarbon for purposes of phasing  
10                  down production or consumption of regu-  
11                  lated substances under subsection (e), even  
12                  if the saturated hydrofluorocarbon is, or  
13                  may be, designated as a regulated sub-  
14                  stance.

15                  (ii) AUTHORITY OF ADMINIS-  
16                  TRATOR.—Clause (i) does not affect the  
17                  authority of the Administrator to regulate  
18                  under this Act a regulated substance with-  
19                  in a blend of substances.

20                  (d) MONITORING AND REPORTING REQUIRE-  
21                  MENTS.—

22                  (1) PRODUCTION, IMPORT, AND EXPORT LEVEL  
23                  REPORTS.—

24                  (A) IN GENERAL.—On a periodic basis, to  
25                  be determined by the Administrator, but not

1 less frequently than annually, each person who,  
2 within the applicable reporting period, produces,  
3 imports, exports, destroys, transforms, uses as  
4 a process agent, or reclaims a regulated sub-  
5 stance shall submit to the Administrator a re-  
6 port that describes, as applicable, the quantity  
7 of the regulated substance that the person—

8 (i) produced, imported, and exported;

9 (ii) reclaimed;

10 (iii) destroyed by a technology ap-  
11 proved by the Administrator;

12 (iv) used and entirely consumed (ex-  
13 cept for trace quantities) in the manufac-  
14 ture of another chemical; or

15 (v) used as a process agent.

16 (B) REQUIREMENTS.—

17 (i) SIGNED AND ATTESTED.—The re-  
18 port under subparagraph (A) shall be  
19 signed and attested by a responsible officer  
20 (within the meaning of the Clean Air Act  
21 (42 U.S.C. 7401 et seq.)).

22 (ii) NO FURTHER REPORTS RE-  
23 QUIRED.—A report under subparagraph  
24 (A) shall not be required from a person if  
25 the person—

1 (I) permanently ceases produc-  
2 tion, importation, exportation, de-  
3 struction, transformation, use as a  
4 process agent, or reclamation of all  
5 regulated substances; and

6 (II) notifies the Administrator in  
7 writing that the requirement under  
8 subclause (I) has been met.

9 (iii) BASELINE PERIOD.—Each report  
10 under subparagraph (A) shall include, as  
11 applicable, the information described in  
12 that subparagraph for the baseline period  
13 of calendar years 2011 through 2013.

14 (2) COORDINATION.—The Administrator may  
15 allow any person subject to the requirements of  
16 paragraph (1)(A) to combine and include the infor-  
17 mation required to be reported under that paragraph  
18 with any other related information that the person  
19 is required to report to the Administrator.

20 (e) PHASE-DOWN OF PRODUCTION AND CONSUMP-  
21 TION OF REGULATED SUBSTANCES.—

22 (1) BASELINES.—

23 (A) IN GENERAL.—Subject to subpara-  
24 graph (D), the Administrator shall establish for  
25 the phase-down of regulated substances—

1 (i) a production baseline for the pro-  
2 duction of all regulated substances in the  
3 United States, as described in subpara-  
4 graph (B); and

5 (ii) a consumption baseline for the  
6 consumption of all regulated substances in  
7 the United States, as described in subpara-  
8 graph (C).

9 (B) PRODUCTION BASELINE DESCRIBED.—

10 The production baseline referred to in subpara-  
11 graph (A)(i) is the quantity equal to the sum  
12 of—

13 (i) the average annual quantity of all  
14 regulated substances produced in the  
15 United States during the period—

16 (I) beginning on January 1,  
17 2011; and

18 (II) ending on December 31,  
19 2013; and

20 (ii) the quantity equal to the sum of—

21 (I) 15 percent of the production  
22 level of hydrochlorofluorocarbons in  
23 calendar year 1989; and

1 (II) 0.42 percent of the produc-  
2 tion level of chlorofluorocarbons in  
3 calendar year 1989.

4 (C) CONSUMPTION BASELINE DE-  
5 SCRIBED.—The consumption baseline referred  
6 to in subparagraph (A)(ii) is the quantity equal  
7 to the sum of—

8 (i) the average annual quantity of all  
9 regulated substances consumed in the  
10 United States during the period—

11 (I) beginning on January 1,  
12 2011; and

13 (II) ending on December 31,  
14 2013; and

15 (ii) the quantity equal to the sum of—

16 (I) 15 percent of the consump-  
17 tion level of hydrochlorofluorocarbons  
18 in calendar year 1989; and

19 (II) 0.42 percent of the consump-  
20 tion level of chlorofluorocarbons in  
21 calendar year 1989.

22 (D) EXCHANGE VALUES.—

23 (i) IN GENERAL.—For purposes of es-  
24 tablishing the baselines pursuant to sub-  
25 paragraphs (B) and (C), the Administrator

1 shall use the exchange values listed in the  
 2 table contained in subsection (c)(1) for  
 3 regulated substances and the following ex-  
 4 change values for hydrochlorofluorocarbons  
 5 and chlorofluorocarbons:

6 (ii) REVIEW.—The Administrator  
 7 may—  
 8 (I) review the exchange values  
 9 listed in the tables contained in clause  
 10 (i) on a periodic basis; and

1 (II) subject to notice and oppor-  
2 tunity for public comment, adjust the  
3 exchange values solely on the basis  
4 of—

5 (aa) the best available  
6 science; and

7 (bb) other information con-  
8 sistent with widely used or com-  
9 monly accepted existing exchange  
10 values.

11 (2) PRODUCTION AND CONSUMPTION PHASE-  
12 DOWN.—

13 (A) IN GENERAL.—During the period be-  
14 ginning on January 1 of each year listed in the  
15 table contained in subparagraph (C) and ending  
16 on December 31 of the year before the next  
17 year listed on that table, except as otherwise  
18 permitted under this section, no person shall—

19 (i) produce a quantity of a regulated  
20 substance without a corresponding quan-  
21 tity of production allowances, except as  
22 provided in paragraph (5);

23 (ii) consume a quantity of a regulated  
24 substance without a corresponding quan-  
25 tity of consumption allowances; or

1 (iii) hold, use, or transfer any produc-  
 2 tion allowance or consumption allowance  
 3 allocated under this section except in ac-  
 4 cordance with regulations promulgated by  
 5 the Administrator pursuant to subsection  
 6 (g).

7 (B) COMPLIANCE.—For each year listed on  
 8 the table contained in subparagraph (C), the  
 9 Administrator shall ensure that the annual  
 10 quantity of all regulated substances produced or  
 11 consumed in the United States does not exceed  
 12 the product obtained by multiplying—

13 (i) the production baseline or con-  
 14 sumption baseline, as applicable; and

15 (ii) the applicable percentage listed on  
 16 the table contained in subparagraph (C).

17 (C) RELATION TO BASELINE.—On Janu-  
 18 ary 1 of each year listed in the following table,  
 19 the Administrator shall apply the applicable  
 20 percentage, as described in subparagraph (A):

2034–2035	20 percent	20 percent
2036 and thereafter	15 percent	15 percent

1 (D) ALLOWANCES.—

2 (i) QUANTITY.—Not later than Octo-  
3 ber 1 of each calendar year, the Adminis-  
4 trator shall use the quantity calculated  
5 under subparagraph (B) to determine the  
6 quantity of allowances for the production  
7 and consumption of regulated substances  
8 that may be used for the following cal-  
9 endar year.

10 (ii) NATURE OF ALLOWANCES.—

11 (I) IN GENERAL.—An allowance  
12 allocated under this section—

13 (aa) does not constitute a  
14 property right; and

15 (bb) is a limited authoriza-  
16 tion for the production or con-  
17 sumption of a regulated sub-  
18 stance under this section.

19 (II) SAVINGS PROVISION.—Noth-  
20 ing in this section or in any other pro-  
21 vision of law limits the authority of

1 the United States to terminate or  
2 limit an authorization described in  
3 subclause (I)(bb).

4 (3) REGULATIONS REGARDING PRODUCTION  
5 AND CONSUMPTION OF REGULATED SUBSTANCES.—

6 Not later than 270 days after the date of enactment  
7 of this Act, which shall include a period of notice  
8 and opportunity for public comment, the Adminis-  
9 trator shall issue a final rule—

10 (A) phasing down the production of regu-  
11 lated substances in the United States through  
12 an allowance allocation and trading program in  
13 accordance with this section; and

14 (B) phasing down the consumption of reg-  
15 ulated substances in the United States through  
16 an allowance allocation and trading program in  
17 accordance with the schedule under paragraph  
18 (2)(C) (subject to the same exceptions and  
19 other requirements as are applicable to the  
20 phase-down of production of regulated sub-  
21 stances under this section).

22 (4) EXCEPTIONS; ESSENTIAL USES.—

23 (A) FEEDSTOCKS AND PROCESS  
24 AGENTS.—Except for the reporting require-

1           ments described in subsection (d)(1), this sec-  
2           tion does not apply to—

3                   (i) a regulated substance that is used  
4                   and entirely consumed (except for trace  
5                   quantities) in the manufacture of another  
6                   chemical; or

7                   (ii) a regulated substance that is used  
8                   and not entirely consumed in the manufac-  
9                   ture of another chemical, if the remaining  
10                  amounts of the regulated substance are  
11                  subsequently destroyed.

12                (B) ESSENTIAL USES.—

13                   (i) IN GENERAL.—Beginning on the  
14                   date of enactment of this Act and subject  
15                   to paragraphs (2) and (3) and clauses (ii)  
16                   and (iii), the Administrator may, by rule,  
17                   after considering technical achievability,  
18                   commercial demands, affordability for resi-  
19                   dential and small business consumers,  
20                   safety, and other relevant factors, includ-  
21                   ing overall economic costs and environ-  
22                   mental impacts compared to historical  
23                   trends, allocate a quantity of allowances  
24                   for a period of not more than 5 years for  
25                   the production and consumption of a regu-

1           lated substance exclusively for the use of  
2           the regulated substance in an application,  
3           if—

4                   (I) no safe or technically achiev-  
5                   able substitute will be available during  
6                   the applicable period for that applica-  
7                   tion; and

8                   (II) the supply of the regulated  
9                   substance that manufacturers or users  
10                  of the regulated substance for that  
11                  application are capable of securing  
12                  from chemical manufacturers, as au-  
13                  thorized under paragraph (2)(A), in-  
14                  cluding any quantities of a regulated  
15                  substance available from production  
16                  or import, is insufficient to accommo-  
17                  date the application.

18                  (ii) PETITION.—If the Administrator  
19                  receives a petition requesting the designa-  
20                  tion of an application as an essential use  
21                  under clause (i), the Administrator shall—

22                   (I) not later than 180 days after  
23                   the date on which the Administrator  
24                   receives the petition—

1 (aa) make the complete peti-  
2 tion available to the public; and

3 (bb) when making the peti-  
4 tion available to the public under  
5 item (aa), propose and seek pub-  
6 lic comment on—

7 (AA) a determination of  
8 whether to designate the ap-  
9 plication as an essential use;  
10 and

11 (BB) if the Adminis-  
12 trator proposes to designate  
13 the application as an essen-  
14 tial use, making the req-  
15 uisite allocation of allow-  
16 ances; and

17 (II) not later than 270 days after  
18 the date on which the Administrator  
19 receives the petition, take final action  
20 on the petition.

21 (iii) LIMITATION.—A person receiving  
22 an allocation under clause (i) or (iv) or as  
23 a result of a petition granted under clause  
24 (ii) may not produce or consume a pro-  
25 duced quantity of regulated substances

1           that, considering the respective exchange  
2           values of the regulated substances, exceeds  
3           the number of allowances issued under  
4           paragraphs (2) and (3) that are held by  
5           that person.

6           (iv) MANDATORY ALLOCATIONS.—

7           (I) IN GENERAL.—Notwith-  
8           standing clause (i) and subject to  
9           clause (iii) and paragraphs (2) and  
10          (3), for the 5-year period beginning  
11          on the date of enactment of this Act,  
12          the Administrator shall allocate the  
13          full quantity of allowances necessary,  
14          based on projected, current, and his-  
15          torical trends, for the production or  
16          consumption of a regulated substance  
17          for the exclusive use of the regulated  
18          substance in an application solely  
19          for—

20                   (aa) a propellant in metered-  
21                   dose inhalers;

22                   (bb) defense sprays;

23                   (cc) structural composite  
24                   preformed polyurethane foam for  
25                   marine use and trailer use;

1 (dd) the etching of semicon-  
2 ductor material or wafers and the  
3 cleaning of chemical vapor depo-  
4 sition chambers within the semi-  
5 conductor manufacturing sector;

6 (ee) mission-critical military  
7 end uses, such as armored vehicle  
8 engine and shipboard fire sup-  
9 pression systems and systems  
10 used in deployable and expedi-  
11 tionary applications; and

12 (ff) onboard aerospace fire  
13 suppression.

14 (II) REQUIREMENT.—The alloca-  
15 tion of allowances under subclause (I)  
16 shall be determined through a rule-  
17 making.

18 (v) REVIEW.—

19 (I) IN GENERAL.—For each es-  
20 sential use application receiving an al-  
21 location of allowances under clause (i)  
22 or (iv), the Administrator shall review  
23 the availability of substitutes, includ-  
24 ing any quantities of the regulated  
25 substance available from reclaiming or

1 prior production, not less frequently  
2 than once every 5 years.

3 (II) EXTENSION.—If, pursuant  
4 to a review under subclause (I), the  
5 Administrator determines, subject to  
6 notice and opportunity for public com-  
7 ment, that the requirements described  
8 in subclauses (I) and (II) of clause (i)  
9 are met, the Administrator shall au-  
10 thorize the production or consump-  
11 tion, as applicable, of any regulated  
12 substance used in the application for  
13 renewable periods of not more than 5  
14 years for exclusive use in the applica-  
15 tion.

16 (5) DOMESTIC MANUFACTURING.—Notwith-  
17 standing paragraph (2)(A)(i), the Administrator  
18 may, by rule, authorize a person to produce a regu-  
19 lated substance in excess of the number of produc-  
20 tion allowances held by that person, subject to the  
21 conditions that—

22 (A) the authorization is—

23 (i) for a renewable period of not more  
24 than 5 years; and

1                   (ii) subject to notice and opportunity  
2                   for public comment; and

3                   (B) the production—

4                   (i) is at a facility located in the  
5                   United States;

6                   (ii) is solely for export to, and use in,  
7                   a foreign country that is not subject to the  
8                   prohibition in subsection (j)(1); and

9                   (iii) would not violate paragraph  
10                  (2)(B).

11               (f) ACCELERATED SCHEDULE.—

12               (1) IN GENERAL.—Subject to paragraph (4),  
13               the Administrator may, only in response to a peti-  
14               tion submitted to the Administrator in accordance  
15               with paragraph (3) and after notice and opportunity  
16               for public comment, promulgate regulations that es-  
17               tablish a schedule for phasing down the production  
18               or consumption of regulated substances that is more  
19               stringent than the production and consumption lev-  
20               els of regulated substances required under sub-  
21               section (e)(2)(C).

22               (2) REQUIREMENTS.—Any regulations promul-  
23               gated under this subsection—

24                   (A) shall—

1 (i) apply uniformly to the allocation of  
2 production and consumption allowances for  
3 regulated substances, in accordance with  
4 subsection (e)(3);

5 (ii) ensure that there will be sufficient  
6 quantities of regulated substances, includ-  
7 ing substances available from reclaiming,  
8 prior production, or prior import, to meet  
9 the needs for—

10 (I) applications that receive an  
11 allocation under clause (i) of sub-  
12 section (e)(4)(B); and

13 (II) all applications that receive a  
14 mandatory allocation under items (aa)  
15 through (ff) of clause (iv)(I) of that  
16 subsection; and

17 (iii) foster continued reclamation of  
18 and transition from regulated substances;  
19 and

20 (B) shall not set the level of production al-  
21 lowances or consumption allowances below the  
22 percentage of the consumption baseline that is  
23 actually consumed during the calendar year  
24 prior to the year during which the Adminis-  
25 trator makes a final determination with respect

1 to the applicable proposal described in para-  
2 graph (3)(C)(iii)(I).

3 (3) PETITION.—

4 (A) IN GENERAL.—A person may petition  
5 the Administrator to promulgate regulations for  
6 an accelerated schedule for the phase-down of  
7 production or consumption of regulated sub-  
8 stances under paragraph (1).

9 (B) REQUIREMENT.—A petition submitted  
10 under subparagraph (A) shall—

11 (i) be made at such time, in such  
12 manner, and containing such information  
13 as the Administrator shall require; and

14 (ii) include a showing by the peti-  
15 tioner that there are data to support the  
16 petition.

17 (C) TIMELINES.—

18 (i) IN GENERAL.—If the Adminis-  
19 trator receives a petition under subpara-  
20 graph (A), the Administrator shall—

21 (I) not later than 180 days after  
22 the date on which the Administrator  
23 receives the petition—

24 (aa) make the complete peti-  
25 tion available to the public; and

1 (bb) when making the peti-  
2 tion available to the public under  
3 item (aa), propose and seek pub-  
4 lic comment on the proposal of  
5 the Administrator to grant or  
6 deny the petition; and

7 (II) not later than 270 days after  
8 the date on which the Administrator  
9 receives the petition, take final action  
10 on the petition.

11 (ii) FACTORS FOR DETERMINATION.—

12 In making a determination to grant or  
13 deny a petition submitted under subpara-  
14 graph (A), the Administrator shall, to the  
15 extent practicable, factor in—

16 (I) the best available data;

17 (II) the availability of substitutes  
18 for uses of the regulated substance  
19 that is the subject of the petition, tak-  
20 ing into account technological  
21 achievability, commercial demands, af-  
22 fordability for residential and small  
23 business consumers, safety, consumer  
24 costs, building codes, appliance effi-  
25 ciency standards, contractor training

1 costs, and other relevant factors, in-  
2 cluding the quantities of regulated  
3 substances available from reclaiming,  
4 prior production, or prior import;

5 (III) overall economic costs and  
6 environmental impacts, as compared  
7 to historical trends; and

8 (IV) the remaining phase-down  
9 period for regulated substances under  
10 the final rule issued under subsection  
11 (e)(3), if applicable.

12 (iii) REGULATIONS.—After receiving  
13 public comment with respect to the pro-  
14 posal under clause (i)(I)(bb), if the Admin-  
15 istrator makes a final determination to  
16 grant a petition under subparagraph (A),  
17 the final regulations with respect to the pe-  
18 tition shall—

19 (I) be promulgated by not later  
20 than 1 year after the date on which  
21 the Administrator makes the proposal  
22 to grant the petition under that  
23 clause; and

24 (II) meet the requirements of  
25 paragraph (2).

1 (D) PUBLICATION.—When the Adminis-  
2 trator makes a final determination to grant or  
3 deny a petition under subparagraph (A), the  
4 Administrator shall publish a description of the  
5 reasons for that grant or denial, including a de-  
6 scription of the information considered under  
7 subclauses (I) through (IV) of subparagraph  
8 (C)(ii).

9 (E) INSUFFICIENT INFORMATION.—If the  
10 Administrator determines that the data in-  
11 cluded under subparagraph (B)(ii) in a petition  
12 are not sufficient to make a determination  
13 under this paragraph, the Administrator shall  
14 use any authority available to the Administrator  
15 to acquire the necessary data.

16 (4) DATE OF EFFECTIVENESS.—The Adminis-  
17 trator may not promulgate under paragraph (1) a  
18 regulation for the production or consumption of reg-  
19 ulated substances that is more stringent than the  
20 production or consumption levels required under  
21 subsection (e)(2)(C) that takes effect before January  
22 1, 2025.

23 (5) REVIEW.—

24 (A) IN GENERAL.—The Administrator  
25 shall review the availability of substitutes for

1 regulated substances subject to an accelerated  
2 schedule established under paragraph (1) in  
3 each sector and subsector in which the regu-  
4 lated substance is used, taking into account  
5 technological achievability, commercial de-  
6 mands, safety, and other relevant factors, in-  
7 cluding the quantities of regulated substances  
8 available from reclaiming, prior production, or  
9 prior import, by January 1, 2026 (for the first  
10 review), by January 1, 2031 (for the second re-  
11 view), and at least once every 5 years there-  
12 after.

13 (B) PUBLIC AVAILABILITY.—The Adminis-  
14 trator shall make the results of a review con-  
15 ducted under subparagraph (A) publicly avail-  
16 able.

17 (6) SAVINGS PROVISION.—Nothing in this sub-  
18 section authorizes the Administrator to promulgate  
19 regulations pursuant to this subsection that estab-  
20 lish a schedule for phasing down the production or  
21 consumption of regulated substances that is less  
22 stringent than the production and consumption lev-  
23 els of regulated substances required under sub-  
24 section (e)(2)(C).

25 (g) EXCHANGE AUTHORITY.—

1           (1) TRANSFERS.—Not later than 270 days  
2 after the date of enactment of this Act, which shall  
3 include a period of notice and opportunity for public  
4 comment, the Administrator shall promulgate a final  
5 regulation that governs the transfer of allowances  
6 for the production of regulated substances under  
7 subsection (e)(3)(A) that uses—

8           (A) the applicable exchange values de-  
9 scribed in the table contained in subsection  
10 (c)(1); or

11           (B) the exchange value described in the  
12 rule designating the substance as a regulated  
13 substance under subsection (c)(3).

14           (2) REQUIREMENTS.—The final rule promul-  
15 gated pursuant to paragraph (1) shall—

16           (A) ensure that the transfers under this  
17 subsection will result in greater total reductions  
18 in the production of regulated substances in  
19 each year than would occur during the year in  
20 the absence of the transfers;

21           (B) permit 2 or more persons to transfer  
22 production allowances if the transferor of the  
23 allowances will be subject, under the final rule,  
24 to an enforceable and quantifiable reduction in  
25 annual production that—

1 (i) exceeds the reduction otherwise ap-  
2 plicable to the transferor under this sec-  
3 tion;

4 (ii) exceeds the quantity of production  
5 represented by the production allowances  
6 transferred to the transferee; and

7 (iii) would not have occurred in the  
8 absence of the transaction; and

9 (C) provide for the trading of consumption  
10 allowances in the same manner as is applicable  
11 under this subsection to the trading of produc-  
12 tion allowances.

13 (h) MANAGEMENT OF REGULATED SUBSTANCES.—

14 (1) IN GENERAL.—For purposes of maximizing  
15 reclaiming and minimizing the release of a regulated  
16 substance from equipment and ensuring the safety  
17 of technicians and consumers, the Administrator  
18 shall promulgate regulations to control, where appro-  
19 priate, any practice, process, or activity regarding  
20 the servicing, repair, disposal, or installation of  
21 equipment (including requiring, where appropriate,  
22 that any such servicing, repair, disposal, or installa-  
23 tion be performed by a trained technician meeting  
24 minimum standards, as determined by the Adminis-  
25 trator) that involves—

1 (A) a regulated substance;

2 (B) a substitute for a regulated substance;

3 (C) the reclaiming of a regulated substance  
4 used as a refrigerant; or

5 (D) the reclaiming of a substitute for a  
6 regulated substance used as a refrigerant.

7 (2) RECLAIMING.—

8 (A) IN GENERAL.—In carrying out this  
9 section, the Administrator shall consider the  
10 use of authority available to the Administrator  
11 under this section to increase opportunities for  
12 the reclaiming of regulated substances used as  
13 refrigerants.

14 (B) RECOVERY.—A regulated substance  
15 used as a refrigerant that is recovered shall be  
16 reclaimed before the regulated substance is sold  
17 or transferred to a new owner, except where the  
18 recovered regulated substance is sold or trans-  
19 ferred to a new owner solely for the purposes of  
20 being reclaimed or destroyed.

21 (3) COORDINATION.—In promulgating regula-  
22 tions to carry out this subsection, the Administrator  
23 may coordinate those regulations with any other reg-  
24 ulations promulgated by the Administrator that in-  
25 volve—

1 (A) the same or a similar practice, process,  
2 or activity regarding the servicing, repair, dis-  
3 posal, or installation of equipment; or

4 (B) reclaiming.

5 (4) INAPPLICABILITY.—No regulation promul-  
6 gated pursuant to this subsection shall apply to a  
7 regulated substance or a substitute for a regulated  
8 substance that is contained in a foam.

9 (5) SMALL BUSINESS GRANTS.—

10 (A) DEFINITION OF SMALL BUSINESS CON-  
11 CERN.—In this paragraph, the term “small  
12 business concern” has the same meaning as in  
13 section 3 of the Small Business Act (15 U.S.C.  
14 632).

15 (B) ESTABLISHMENT.—Subject to the  
16 availability of appropriations, the Administrator  
17 shall establish a grant program to award grants  
18 to small business concerns for the purchase of  
19 new specialized equipment for the recycling, re-  
20 covery, or reclamation of a substitute for a reg-  
21 ulated substance, including the purchase of ap-  
22 proved refrigerant recycling equipment (as de-  
23 fined in section 609(b) of the Clean Air Act (42  
24 U.S.C. 7671h(b))) for recycling, recovery, or

1           reclamation in the service or repair of motor ve-  
2           hicle air conditioning systems.

3           (C) MATCHING FUNDS.—The non-Federal  
4           share of a project carried out with a grant  
5           under this paragraph shall be not less than 25  
6           percent.

7           (D) AUTHORIZATION OF APPROPRIA-  
8           TIONS.—There is authorized to be appropriated  
9           to carry out this paragraph \$5,000,000 for each  
10          of fiscal years 2021 through 2023.

11         (i) TECHNOLOGY TRANSITIONS.—

12           (1) AUTHORITY.—Subject to the provisions of  
13           this subsection, the Administrator may by rule re-  
14           strict, fully, partially, or on a graduated schedule,  
15           the use of a regulated substance in the sector or  
16           subsector in which the regulated substance is used.

17           (2) NEGOTIATED RULEMAKING.—

18           (A) CONSIDERATION REQUIRED.—Before  
19           proposing a rule for the use of a regulated sub-  
20           stance for a sector or subsector under para-  
21           graph (1), the Administrator shall consider ne-  
22           gotiating with stakeholders in the sector or sub-  
23           sector subject to the potential rule in accord-  
24           ance with the negotiated rulemaking procedure  
25           provided for under subchapter III of chapter 5

1 of title 5, United States Code (commonly known  
2 as the “Negotiated Rulemaking Act of 1990”).

3 (B) NEGOTIATED RULEMAKINGS.—If the  
4 Administrator negotiates a rulemaking with  
5 stakeholders using the procedure described in  
6 subparagraph (A), the Administrator shall, to  
7 the extent practicable, give priority to com-  
8 pleting that rulemaking over completing  
9 rulemakings under this subsection that were not  
10 negotiated using that procedure.

11 (C) NO NEGOTIATED RULEMAKING.—If  
12 the Administrator does not negotiate a rule-  
13 making with stakeholders using the procedure  
14 described in subparagraph (A), the Adminis-  
15 trator shall, before commencement of the rule-  
16 making process for a rule under paragraph (1),  
17 publish an explanation of the decision of the  
18 Administrator to not use that procedure.

19 (3) PETITIONS.—

20 (A) IN GENERAL.—A person may petition  
21 the Administrator to promulgate a rule under  
22 paragraph (1) for the restriction on use of a  
23 regulated substance in a sector or subsector,  
24 which shall include a request that the Adminis-

1           trator negotiate with stakeholders in accordance  
2           with paragraph (2)(A).

3           (B) RESPONSE.—The Administrator shall  
4           grant or deny a petition under subparagraph  
5           (A) not later than 180 days after the date of  
6           receipt of the petition.

7           (C) REQUIREMENTS.—

8           (i) EXPLANATION.—If the Adminis-  
9           trator denies a petition under subpara-  
10          graph (B), the Administrator shall publish  
11          in the Federal Register an explanation of  
12          the denial.

13          (ii) FINAL RULE.—If the Adminis-  
14          trator grants a petition under subpara-  
15          graph (B), the Administrator shall promul-  
16          gate a final rule not later than 2 years  
17          after the date on which the Administrator  
18          grants the petition.

19          (iii) PUBLICATION OF PETITIONS.—  
20          Not later than 30 days after the date on  
21          which the Administrator receives a petition  
22          under subparagraph (A), the Adminis-  
23          trator shall make that petition available to  
24          the public in full.

1           (4) FACTORS FOR DETERMINATION.—In car-  
2       rying out a rulemaking using the procedure de-  
3       scribed in paragraph (2) or making a determination  
4       to grant or deny a petition submitted under para-  
5       graph (3), the Administrator shall, to the extent  
6       practicable, factor in—

7                   (A) the best available data;

8                   (B) the availability of substitutes for use of  
9       the regulated substance that is the subject of  
10      the rulemaking or petition, as applicable, in a  
11      sector or subsector, taking into account techno-  
12      logical achievability, commercial demands, af-  
13      fordability for residential and small business  
14      consumers, safety, consumer costs , building  
15      codes, appliance efficiency standards, contractor  
16      training costs, and other relevant factors, in-  
17      cluding the quantities of regulated substances  
18      available from reclaiming, prior production, or  
19      prior import;

20                  (C) overall economic costs and environ-  
21      mental impacts, as compared to historical  
22      trends; and

23                  (D) the remaining phase-down period for  
24      regulated substances under the final rule issued  
25      under subsection (e)(3), if applicable.

1           (5) EVALUATION.—In carrying out this sub-  
2           section, the Administrator shall—

3                   (A) evaluate substitutes for regulated sub-  
4                   stances in a sector or subsector, taking into ac-  
5                   count technological achievability, commercial  
6                   demands, safety, overall economic costs and en-  
7                   vironmental impacts, and other relevant factors;  
8                   and

9                   (B) make the evaluation under subpara-  
10                  graph (A) available to the public, including the  
11                  factors associated with the safety of those sub-  
12                  stitutes.

13           (6) EFFECTIVE DATE OF RULES.—No rule  
14           under this subsection may take effect before the date  
15           that is 1 year after the date on which the Adminis-  
16           trator promulgates the applicable rule under this  
17           subsection.

18           (7) APPLICABILITY.—

19                   (A) DEFINITION OF RETROFIT.—In this  
20                   paragraph, the term “retrofit” means to up-  
21                   grade existing equipment where the regulated  
22                   substance is changed, which—

23                           (i) includes the conversion of equip-  
24                           ment to achieve system compatibility; and

1                   (ii) may include changes in lubricants,  
2                   gaskets, filters, driers, valves, o-rings, or  
3                   equipment components for that purpose.

4                   (B) APPLICABILITY OF RULES.—A rule  
5                   promulgated under this subsection shall not  
6                   apply to—

7                   (i) an essential use under clause (i) or  
8                   (iv) of subsection (e)(4)(B), including any  
9                   use for which the production or consump-  
10                  tion of the regulated substance is extended  
11                  under clause (v)(II) of that subsection; or

12                  (ii) except for a retrofit application,  
13                  equipment in existence in a sector or sub-  
14                  sector before the date of enactment of this  
15                  Act.

16                  (j) INTERNATIONAL COOPERATION.—

17                  (1) IN GENERAL.—Subject to paragraph (2), no  
18                  person subject to the requirements of this section  
19                  shall trade or transfer a production allowance or,  
20                  after January 1, 2033, export a regulated substance  
21                  to a person in a foreign country that, as determined  
22                  by the Administrator, has not enacted or otherwise  
23                  established within a reasonable timeframe after the  
24                  date of enactment of this Act the same or similar re-  
25                  quirements or otherwise undertaken commitments

1        regarding the production and consumption of regu-  
2        lated substances as are contained in this section.

3            (2) TRANSFERS.—Pursuant to paragraph (1), a  
4        person in the United States may engage in a trade  
5        or transfer of a production allowance—

6            (A) to a person in a foreign country if, at  
7        the time of the transfer, the Administrator re-  
8        vises the number of allowances for production  
9        under subsection (e)(2), as applicable, for the  
10       United States such that the aggregate national  
11       production of the regulated substance to be  
12       traded under the revised production limits is  
13       equal to the least of—

14            (i) the maximum production level per-  
15        mitted for the applicable regulated sub-  
16        stance in the year of the transfer under  
17        this section, less the production allowances  
18        transferred;

19            (ii) the maximum production level per-  
20        mitted for the applicable regulated sub-  
21        stances in the transfer year under applica-  
22        ble law, less the production allowances  
23        transferred; and

24            (iii) the average of the actual national  
25        production level of the applicable regulated

1 substances for the 3-year period ending on  
2 the date of the transfer, less the produc-  
3 tion allowances transferred; or

4 (B) from a person in a foreign country if,  
5 at the time of the trade or transfer, the Admin-  
6 istrator finds that the foreign country has re-  
7 vised the domestic production limits of the reg-  
8 ulated substance in the same manner as pro-  
9 vided with respect to transfers by a person in  
10 United States under this subsection.

11 (3) EFFECT OF TRANSFERS ON PRODUCTION  
12 LIMITS.—The Administrator may—

13 (A) reduce the production limits estab-  
14 lished under subsection (e)(2)(B) as required as  
15 a prerequisite to a transfer described in para-  
16 graph (2)(A); or

17 (B) increase the production limits estab-  
18 lished under subsection (e)(2)(B) to reflect pro-  
19 duction allowances acquired under a trade or  
20 transfer described in paragraph (2)(B).

21 (4) REGULATIONS.—The Administrator shall—

22 (A) not later than 1 year after the date of  
23 enactment of this Act, promulgate a final rule  
24 to carry out this subsection; and

1 (B) not less frequently than annually, re-  
2 view and, if necessary, revise the final rule pro-  
3 mulgated pursuant to subparagraph (A).

4 (k) RELATIONSHIP TO OTHER LAW.—

5 (1) IMPLEMENTATION.—

6 (A) RULEMAKINGS.—The Administrator  
7 may promulgate such regulations as are nec-  
8 essary to carry out the functions of the Admin-  
9 istrator under this section.

10 (B) DELEGATION.—The Administrator  
11 may delegate to any officer or employee of the  
12 Environmental Protection Agency such of the  
13 powers and duties of the Administrator under  
14 this section as the Administrator determines to  
15 be appropriate.

16 (C) CLEAN AIR ACT.—Sections 113, 114,  
17 304, and 307 of the Clean Air Act (42 U.S.C.  
18 7413, 7414, 7604, 7607) shall apply to this  
19 section and any rule, rulemaking, or regulation  
20 promulgated by the Administrator pursuant to  
21 this section as though this section were ex-  
22 pressly included in title VI of that Act (42  
23 U.S.C. 7671 et seq.).

24 (2) PREEMPTION.—

1           (A) IN GENERAL.—Subject to subpara-  
2 graph (B), during the 5-year period beginning  
3 on the date of enactment of this Act, and with  
4 respect to an exclusive use for which a manda-  
5 tory allocation of allowances is provided under  
6 subsection (e)(4)(B)(iv)(I), no State or political  
7 subdivision of a State may enforce a statute or  
8 administrative action restricting the manage-  
9 ment or use of a regulated substance within  
10 that exclusive use.

11           (B) EXTENSION.—

12           (i) IN GENERAL.—Subject to clause  
13 (ii), if, pursuant to subclause (I) of sub-  
14 section (e)(4)(B)(v), the Administrator au-  
15 thORIZES an additional period under sub-  
16 clause (II) of that subsection for the pro-  
17 duction or consumption of a regulated sub-  
18 stance for an exclusive use described in  
19 subparagraph (A), no State or political  
20 subdivision of a State may enforce a stat-  
21 ute or administrative action restricting the  
22 management or use of the regulated sub-  
23 stance within that exclusive use for the du-  
24 ration of that additional period.

1                   (ii) LIMITATION.—The period for  
2                   which the limitation under clause (i) ap-  
3                   plies shall not exceed 5 years from the date  
4                   on which the period described in subpara-  
5                   graph (A) ends.

9 **SEC. 101. SHORT TITLE.**

10 This title may be cited as the “Smithsonian American  
11 Women’s History Museum Act”.

12 **SEC. 102. FINDINGS.**

13 Congress finds the following:

14 (1) Since its founding, the United States has  
15 greatly benefitted from the contributions of women.

16 (2) Historical accounts, monuments, memorials,  
17 and museums disproportionately represent men’s  
18 achievements and contributions and often neglect  
19 those of women. For example—

20 (A) a study of 18 United States history  
21 textbooks concluded that 10 percent of the ma-  
22 terial documented contributions of women;

23 (B) 9 statues out of 91 in the United  
24 States Capitol’s National Statuary Hall depict  
25 women; and

1           (C) only one of the 44 monuments oper-  
2           ated by the National Park Service specifically  
3           honors the achievements of women after the  
4           2016 designation of the Belmont-Paul Women's  
5           Equality National Monument.

6           (3) There exists no national museum in the  
7           United States that is devoted to the documentation  
8           of women's contributions throughout the Nation's  
9           history.

10          (4) On December 19, 2014, Congress created a  
11          Congressional Commission to study the potential for  
12          an American museum of women's history. The bi-  
13          partisan Commission unanimously concluded that  
14          the United States needs and deserves a physical na-  
15          tional museum dedicated to showcasing the historical  
16          experiences and impact of women in the United  
17          States.

18          (5) A comprehensive women's history museum  
19          would document the full spectrum of the experiences  
20          of women in the United States, represent a diverse  
21          range of viewpoints, experiences, and backgrounds,  
22          more accurately depict the history of the United  
23          States, and add value to the Smithsonian Institu-  
24          tion.

1           (6) The collections, exhibits, historical narrative  
2 materials, and museum programming of the wom-  
3 en’s history museum should be inclusive, comprehen-  
4 sive, and innovative. Such collections, exhibits, mate-  
5 rials, and programming should present the diverse  
6 range of experiences and viewpoints of all women in  
7 the United States, reflecting upon the things that

11           (a) IN GENERAL.—Not later than 1 year after the  
12 date of enactment of this title, the Administrator shall es-  
13 tablish a voluntary safety reporting program for engineers,  
14 safety inspectors, systems safety specialists, and other  
15 subject matter experts certified under section 7111 of title  
16 5, United States Code, to confidentially report instances  
17 where they have identified safety concerns during certifi-  
18 cation or oversight processes.

19           (b) SAFETY REPORTING PROGRAM REQUIRE-  
20 MENTS.—In establishing the safety reporting program  
21 under subsection (a), the Administrator shall ensure the  
22 following:

23                   (1) The FAA maintains a reporting culture that  
24 encourages human factors specialists, engineers,

1 flight test pilots, inspectors, and other appropriate  
2 FAA employees to voluntarily report safety concerns.

3 (2) The safety reporting program is non-puni-  
4 tive, confidential, and protects employees from ad-  
5 verse employment actions related to their participa-  
6 tion in the program.

7 (3) The safety reporting program identifies ex-  
8 clusionary criteria for the program.

9 (4) Collaborative development of the program  
10 with bargaining representatives of employees under  
11 section 7111 of title 5, United States Code, who are  
12 employed in the Aircraft Certification Service or  
13 Flight Standards Service of the Administration (or,  
14 if unable to reach an agreement collaboratively, the  
15 Administrator shall negotiate with the representa-  
16 tives in accordance with section 40122(a) of title 49,  
17 United States Code, regarding the development of

20 program by the bargaining representatives of em-  
21 ployees described in paragraph (4).

22 (6) The Administrator thoroughly reviews safe-  
23 ty reports to determine whether there is a safety  
24 issue, including a hazard, defect, noncompliance,  
25 nonconformance, or process error.

1           (7) The Administrator thoroughly reviews safe-  
2           ty reports to determine whether any aircraft certifi-  
3           cation process contributed to the safety concern  
4           being raised.

5           (8) The creation of a corrective action process  
6           in order to address safety issues that are identified  
7           through the program.

8           (c) OUTCOMES.—Results of safety report reviews  
9           under this section may be used to—

10           (1) improve—

11                 (A) safety systems, hazard control, and  
12                 risk reduction;

13                 (B) certification systems;

14                 (C) FAA oversight;

23                 dressed in a timely manner; and

24                 (2) foster open dialogue between applicants and  
25           FAA employees throughout the certification process.

1           (e) INTEGRATION WITH OTHER SAFETY REPORTING  
2 PROGRAMS.—The Administrator shall implement the safe-  
3 ty reporting program established under subsection (a) and  
4 the reporting requirements established pursuant to sub-  
5 section (d) in a manner that is consistent with other vol-  
6 untary safety reporting programs administered by the Ad-  
7 ministrator.

8           (f) REPORT TO CONGRESS.—Not later than 2 years  
9 after the date of enactment of this title, and annually  
10 thereafter through fiscal year 2023, the Administrator  
11 shall submit to the congressional committees of jurisdic-  
12 tion a report on the effectiveness of the safety reporting  
13 program established under subsection (a).

14 **SEC. 114. COMPENSATION LIMITATION.**

12 (1) require an applicant for an amended type  
13 certificate for a transport airplane to—

14 (A) perform a system safety assessment  
15 with respect to each proposed design change  
16 that the Administrator determines is signifi-  
17 cant, with such assessment considering the air-  
18 plane-level effects of individual errors, malfunc-  
19 tions, or failures and realistic pilot response  
20 times to such errors, malfunctions, or failures;

21 (B) update such assessment to account for  
22 each subsequent proposed design change that  
23 the Administrator determines is significant;

24 (C) provide appropriate employees of the  
25 Administration with the data and assumptions

1           underlying each assessment and amended as-  
2           essment; and

3                   (D) provide for document traceability and  
4           clarity of explanations for changes to aircraft  
5           type designs and system safety assessment cer-  
6           tification documents; and

15           section (b)(1); and

16                   (2) ensure appropriate review of any change  
17           that results in a functional hazard assessment classi-  
18           fication of major or greater, as such term is defined  
19           in FAA Advisory Circular 25.1309-1A (or any suc-  
20           cessor or replacement document).

13 years after the date of enactment of this title, the Admin-  
14 istrator may not issue a type certificate for a transport  
15 category aircraft unless—

16 (1) in the case of a transport airplane, such air-  
17 plane incorporates a flight crew alerting system that,  
18 at a minimum, displays and differentiates among  
19 warnings, cautions, and advisories, and includes  
20 functions to assist the flight crew in prioritizing cor-  
21 rective actions and responding to systems failures; or

22 (2) in the case of a transport category aircraft  
23 other than a transport airplane, the type certificate  
24 applicant provides a means acceptable to the Admin-  
25 istrator to assist the flight crew in prioritizing cor-

1       rective actions and responding to systems failures  
2       (including by cockpit or flight manual procedures).

3       (c) **EXISTING AIRPLANE DESIGNS.**—It is the sense  
4 of Congress that the FAA shall ensure that any system  
5 safety assessment with respect to the Boeing 737-7, 737-  
6 8, 737-9, and 737-10 airplanes, as described in National  
7 Transportation Safety Board recommendation A-19-10, is

21 Team members to examine and address any rel-  
22 evant covered recommendations (as defined in  
23 section 121(c)) relating to the issuance of  
24 amended type certificates;

1 (B) reevaluate existing assumptions and  
2 practices inherent in the amended type certifi-  
3 cate process and assess whether such assump-  
4 tions and practices are valid; and

5 (C) ensure, to the greatest extent prac-  
6 ticable, that Federal regulations relating to the  
7 issuance of amended type certificates are har-  
8 monized with the regulations of other inter-  
9 national states of design.

10 (b) AMENDED TYPE CERTIFICATE REPORT AND  
11 RULEMAKING.—

12 (1) BRIEFINGS.—Not later than 12 months  
13 after the date of enactment of this title, and annu-

15 istrator shall brief the congressional committees of  
16 jurisdiction on the work and status of the develop-  
17 ment of such recommendations by the Certification  
18 Management Team.

19 (2) INITIATION OF ACTION.—Not later than 2  
20 years after the date of enactment of this title, the  
21 Administrator shall take action to revise and im-  
22 prove the process of issuing amended type certifi-  
23 cates in accordance with this section. Such action  
24 shall include, at minimum—

1 (A) initiation of a rulemaking proceeding;  
2 and

3 (B) development or revision of guidance  
4 and training materials.

5 (3) CONTENTS.—In taking actions required  
6 under paragraph (2), the Administrator shall do the  
7 following:

8 (A) Ensure that proposed changes to an  
9 aircraft are evaluated from an integrated whole  
10 aircraft system perspective that examines the  
11 integration of proposed changes with existing  
12 systems and associated impacts.

13 (B) Define key terms used for the changed  
14 product process under sections 21.19 and  
15 21.101 of title 14, Code of Federal Regulations.

16 (C) Consider—

17 (i) the findings and work of the Cer-  
18 tification Management Team and other  
19 similar international harmonization efforts;

20 (ii) any relevant covered recommenda-  
21 tions (as defined in section 121(c)); and

22 (iii) whether a fixed time beyond  
23 which a type certificate may not be amend-  
24 ed would improve aviation safety.

1 (D) Establish the extent to which the fol-  
2 lowing design characteristics should preclude  
3 the issuance of an amended type certificate:

4 (i) A new or revised flight control sys-  
5 tem.

6 (ii) Any substantial changes to aero-  
7 dynamic stability resulting from a physical  
8 change that may require a new or modified  
9 software system or control law in order to  
10 produce positive and acceptable stability  
11 and handling qualities.

12 (iii) A flight control system or aug-  
13 mented software to maintain aerodynamic  
14 stability in any portion of the flight enve-  
15 lope that was not required for a previously  
16 certified derivative.

17 (iv) A change in structural compo-  
18 nents (other than a stretch or shrink of  
19 the fuselage) that results in a change in  
20 structural load paths or the magnitude of  
21 structural loads attributed to flight maneu-  
22 vers or cabin pressurization.

23 (v) A novel or unusual system, compo-  
24 nent, or other feature whose failure would  
25 present a hazardous or catastrophic risk.

1           (E) Develop objective criteria for helping  
2           to determine what constitutes a substantial  
3           change and a significant change.

4           (F) Implement mandatory aircraft-level re-  
5           views throughout the certification process to  
6           validate the certification basis and assumptions.

7           (G) Require maintenance of relevant  
8           records of agreements between the FAA and an  
9           applicant that affect certification documentation  
10          and deliverables.

11          (H) Ensure appropriate documentation of  
12          any exception or exemption from airworthiness  
13          requirements codified in title 14 of the Code of  
14          Federal Regulations, as in effect on the date of  
15          application for the change.

16          (4) GUIDANCE MATERIALS.—The Administrator  
17          shall consider the following when developing orders  
18          and regulatory guidance, including advisory circu-  
19          lars, where appropriate:

20                (A) Early FAA involvement and feedback  
21                paths in the aircraft certification process to en-  
22                sure the FAA is aware of changes to design as-  
23                sumptions and product design impacting a  
24                changed product assessment.

1           (B) Presentation to the FAA of new tech-  
2 nology, novel design, or safety critical features  
3 or systems, initially and throughout the certifi-  
4 cation process, when development and certifi-  
5 cation prompt design or compliance method re-  
6 vision.

7           (C) Examples of key terms used for the  
8 changed product process under sections 21.19  
9 and 21.101 of title 14, Code of Federal Regula-  
10 tions.

11          (D) Type certificate data sheet improve-  
12 ments to accurately state which regulations and  
13 amendment level the aircraft complies to and  
14 when compliance is limited to a subset of the  
15 aircraft.

16          (E) Policies to guide applicants on proper  
17 visibility, clarity, and consistency of key design  
18 and compliance information that is submitted  
19 for certification, particularly with new design  
20 features.

21          (F) The creation, validation, and imple-  
22 mentation of analytical tools appropriate for the  
23 analysis of complex system for the FAA and ap-  
24 plicants.

1 (G) Early coordination processes with the  
2 FAA for the functional hazard assessments vali-  
3 dation and preliminary system safety assess-  
4 ments review.

10 title 14, Code of Federal Regulations, applica-  
11 tions for a new type certificate pursuant to sec-  
12 tion 21.19 of such title, and the regulatory  
13 guidance developed as a result of the rule-  
14 making conducted pursuant to paragraph (2);  
15 and

16 (B) procedures for disseminating such ma-  
17 terials to implementing personnel of the FAA,  
18 designees, and applicants.

19 (6) CERTIFICATION MANAGEMENT TEAM DE-  
20 FINED.—In this section, the term “Certification  
21 Management Team” means the team framework  
22 under which the FAA, the European Aviation Safety  
23 Agency, the Transport Canada Civil Aviation, and  
24 the National Civil Aviation Agency of Brazil, man-  
25 age the technical, policy, certification, manufac-

1 turing, export, and continued airworthiness issues  
2 common among the 4 authorities.

3 (7) DEADLINE.—The Administrator shall final-

24 ed by adding at the end the following:

1 **“§ 44743. Pilot training requirements**

2 “(a) IN GENERAL.—

3 “(1) ADMINISTRATOR’S DETERMINATION.—In  
4 establishing any pilot training requirements with re-  
5 spect to a new transport airplane, the Administrator  
6 of the Federal Aviation Administration shall inde-  
7 pendently review any proposal by the manufacturer  
8 of such airplane with respect to the scope, format,  
9 or minimum level of training required for operation  
10 of such airplane.

11 “(2) ASSURANCES AND MARKETING REPRESENTEN-  
12 TATIONS.—Before the Administrator has established  
13 applicable training requirements, an applicant for a  
14 new or amended type certificate for an airplane de-  
15 scribed in paragraph (1) may not, with respect to  
16 the scope, format, or magnitude of pilot training for  
17 such airplane—

18 “(A) make any assurance or other contrac-  
19 tual commitment, whether verbal or in writing,  
20 to a potential purchaser of such airplane unless  
21 a clear and conspicuous disclaimer (as defined  
22 by the Administrator) is included regarding the  
23 status of training required for operation of such  
24 airplane; or

3 “(b) PILOT RESPONSE TIME.—Beginning on the day  
4 after the date on which regulations are issued under sec-  
5 tion 119(e)(6) of the Aircraft Certification, Safety, and  
6 Accountability Act, the Administrator may not issue a new  
7 or amended type certificate for an airplane described in  
8 subsection (a) unless the applicant for such certificate has  
9 demonstrated to the Administrator that the applicant has  
10 accounted for realistic assumptions regarding the time for  
11 pilot responses to non-normal conditions in designing the  
12 systems and instrumentation of such airplane. Such as-  
13 sumptions shall—

14 “(1) be based on test data, analysis, or other
