6           ments specified in section 1861(dd) and determines  
7           that the deficiencies involved immediately jeopardize  
8           the health and safety of the individuals to whom the  
9           program furnishes items and services, the Secretary

20          ments specified in section 1861(dd) and determines  
21          that the deficiencies involved do not immediately  
22          jeopardize the health and safety of the individuals to  
23          whom the program furnishes items and services, the  
24          Secretary may (for a period not to exceed 6 months)  
25          impose remedies developed pursuant to paragraph

1       (5)(A), in lieu of terminating the certification of the  
2       program. If, after such a period of remedies, the  
3       program is still no longer in compliance with such  
4       requirements, the Secretary shall terminate the cer-

11      not meet such requirements, the Secretary may pro-  
12      vide for a civil money penalty under paragraph

21      a period of not longer than 6 months, if—

22           “(A) the State or local survey agency finds  
23           that it is more appropriate to take alternative

1 such requirements than to terminate the certifi-  
2 cation of the program;

3 “(B) the program has submitted a plan  
4 and timetable for corrective action to the Sec-  
5 retary for approval and the Secretary approves  
6 the plan of corrective action; and

7 “(C) the program agrees to repay to the  
8 Federal Government payments received under  
9 this title during such period if the corrective ac-

9                   2022, the Secretary shall develop and im-  
10                  plement specific procedures with respect to  
11                  the conditions under which each of the

13                  be applied, including the amount of any  
14                  fines and the severity of each of these rem-  
15                  edies. Such procedures shall be designed so  
16                  as to minimize the time between identifica-  
17                  tion of deficiencies and imposition of these  
18                  remedies and shall provide for the imposi-  
19                  tion of incrementally more severe fines for

25 until the Secretary has determined that the

1 program has the management capability to  
2 ensure continued compliance with all the  
3 requirements referred to in such subpara-  
4 graph.

5 “(D) RELATIONSHIP TO OTHER REM-  
6 EDIES.—The remedies developed under sub-  
7 paragraph (A) are in addition to sanctions oth-

2           ing as sovereign to carry out any activity authorized  
3           by applicable law, including—

4                   (A) the Comprehensive Environmental Re-

22           pired before the date of enactment of this Act.

23          (f) EXPIRATION.—

24           (1) IN GENERAL.—This Act shall expire in any

11 **SEC. 11. SATISFACTION OF CLAIMS.**

12 (a) TRIBAL CLAIMS.—The benefits realized by the

13 Tribes under this Act shall be in complete replacement of,

14 complete substitution for, and full satisfaction of all claims

15 of the Tribes against the United States waived and re-

16 leased pursuant to paragraphs (1) and (3) of section

17 10(a).

18 (b) ALLOTTEE CLAIMS.—The benefits realized by

19 allottees under this Act shall be in complete replacement

20 of, complete substitution for, and full satisfaction of—

21 (1) all claims waived and released pursuant to

22 section 10(a)(2); and

23 (2) any claims of an allottee against the United

24 States that an allottee asserted or could have as-

1           serted that are similar in nature to a claim described  
2           in section 10(a)(2).

3 **SEC. 12. NATIONAL BISON RANGE RESTORATION.**

4           (a) FINDINGS; PURPOSES.—

5                 (1) FINDINGS.—Congress finds that—

6                     (A) the Reservation was set aside for the  
7                     Tribes in 1855 under the treaty between the  
8                     United States and the Tribes concluded at Hell  
9                     Gate on July 16, 1855 (12 Stat. 975);

10                    (B) the National Bison Range was estab-  
11                    lished as a conservation measure in 1908, a  
12                    time when the bison were at grave risk of ex-  
13                    tinction;

14                    (C) the National Bison Range is located in  
15                    the middle of the Reservation on land that was  
16                    acquired by the United States in what was later  
17                    held, in the civil action entitled “Confederated  
18                    Salish and Kootenai Tribes of the Flathead In-  
19                    dian Reservation, Montana v. United States”  
20                    (437 F.2d 458 (Ct.Cl. 1971)), to be a taking  
21                    under the Fifth Amendment to the Constitution  
22                    of the United States;

23                    (D) the Tribes never consented to the re-  
24                    moval of the land described in subparagraph  
25                    (C) from Tribal ownership;

1 (E) since time immemorial until the estab-  
2 lishment of the National Bison Range, the  
3 Tribes had used the land described in subpara-  
4 graph (C) for—

5 (i) hunting, fishing, and gathering;

6 and

7 (ii) cultural and many other purposes;

8 (F)(i) in the 1870s, when slaughter re-  
9 sulted in the risk of bison extinction, a Pend  
10 d'Oreille man named Little Falcon Robe re-  
11 ceived approval from leaders of the Tribes to  
12 bring orphaned bison calves across the Conti-  
13 nental Divide to the Reservation for purposes of  
14 starting a herd for subsistence and conservation  
15 purposes;

16 (ii) starting with just a few bison calves,  
17 the animals grew into a large herd under the  
18 stewardship of members of the Tribes, who  
19 later included Michel Pablo and Charles Allard;  
20 and

21 (iii) the Reservation was the home of that  
22 free-ranging herd of bison for decades before  
23 the establishment of the National Bison Range;

24 (G) when the Reservation was opened for  
25 homesteading, a free-ranging bison herd was no

1 longer feasible, resulting in Michel Pablo selling  
2 the herd to off-Reservation interests;

3 (H) many of the bison, or their descend-  
4 ants, from the Tribal member-managed herd  
5 were repurchased and brought back to the Res-  
6 ervation to form the original herd for the Na-  
7 tional Bison Range;

8 (I) the bison herd at the National Bison  
9 Range descends largely from a herd started and  
10 managed as described in subparagraph (F);

11 (J) the Tribes—

12 (i) have played a substantive role as  
13 conservation leaders, often in partnership  
14 with the National Bison Range;

15 (ii) have demonstrated a long-term  
16 commitment to responsible management of  
17 the land and resources surrounding the  
18 National Bison Range; and

19 (iii) desire to carry out the purposes  
20 for which the National Bison Range was  
21 established;

22 (K) the Tribes have extensive experience in  
23 wildlife and natural resources management, in-  
24 cluding—

2381

1 (i) the establishment and management  
2 of the 91,000-acre Mission Mountains  
3 Tribal Wilderness, the first tribally des-  
4 ignated wilderness area in the United  
5 States;

6 (ii) special management districts for  
7 large animals, such as the Little Money  
8 Bighorn Sheep Management Area and the  
9 Ferry Basin Elk Management Area; and

10 (iii) the restoration and management  
11 of bighorn sheep populations, peregrine fal-  
12 cons, and trumpeter swans on the Reserva-  
13 tion;

14 (L) the Tribes have an extensive history of  
15 successful partnerships with Federal agencies  
16 with respect to issues such as—

17 (i) threatened and endangered species  
18 management;

19 (ii) migratory waterfowl management;  
20 and

21 (iii) wetland habitat management;

22 (M)(i) the Tribes have entered into prior  
23 management-related agreements relating to the  
24 National Bison Range under title IV of the In-

1           dian Self-Determination and Education Assist-  
2           ance Act (25 U.S.C. 5361 et seq.); and

3           (ii) the Tribes and the United States de-  
4           sire to build on past and current partnerships,  
5           as well as honor and advance the Federal and  
6           Tribal objectives of increasing Tribal autonomy  
7           and Tribal governmental capacity;

8           (N) since the establishment of the National  
9           Bison Range, additional herds of bison have  
10          been established on other national wildlife ref-  
11          uges and national parks;

12          (O) the facts and history regarding the  
13          Federal Government, the Tribes, the bison, and  
14          land on the Reservation acquired for the Na-  
15          tional Bison Range are exceptional cir-  
16          cumstances that warrant action by Congress;  
17          and

18          (P) the United States should hold title in  
19          and to the land comprising the National Bison  
20          Range, with beneficial title of the land being re-  
21          stored to the Tribes for—

22                  (i) continued bison conservation;

23                  (ii) other wildlife and natural resource  
24          management purposes; and

1 (iii) other nonconflicting purposes of  
2 the Tribes.

3 (2) PURPOSES.—The purposes of this section  
4 are—

5 (A) to acknowledge the history, culture,  
6 and ecological stewardship of the Tribes with  
7 respect to the land on the Reservation acquired  
8 for the National Bison Range, bison, and other  
9 natural resources;

10 (B) to ensure that the land, bison, and  
11 other resources referred to in subparagraph (A)  
12 continue to be protected and enhanced;

21 dependent care flexible spending arrangement re-  
22 ferred to in paragraph (3)(A) with respect to such  
23 employee during—

24 (A) the plan year described in paragraph

4           made with respect to such plan year), the  
5           subsequent plan year.

6           (e) CHANGE IN ELECTION AMOUNT.—For plan years  
7 ending in 2021, a plan that includes a health flexible  
8 spending arrangement or dependent care flexible spending  
9 arrangement shall not fail to be treated as a cafeteria plan

1 ed pursuant to a provision under this section and such  
2 amendment is retroactive, if—

3 (1) such amendment is adopted not later than  
4 the last day of the first calendar year beginning

6           Internal Revenue Code of 1986 merely because  
7           the plan treats such distribution as a qualified

6           TRIBUTIONS FROM IRAS.—For purposes of the  
7           Internal Revenue Code of 1986, if a contribu-  
8           tion is made pursuant to subparagraph (A)  
9           with respect to a qualified disaster distribution  
10          from an individual retirement plan (as defined  
11          by section 7701(a)(37) of such Code), then, to  
12          the extent of the amount of the contribution,  
13          the qualified disaster distribution shall be treat-

15 **Subtitle B—Taiwan Assurance Act**  
16 **of 2020**

17 **SEC. 311. SHORT TITLE.**

18           This subtitle may be cited as the “Taiwan Assurance  
19 Act of 2020”.

20 **SEC. 312. FINDINGS.**

21           Congress makes the following findings:

22                   (1) April 10, 2019, marked the 40th anniver-  
23 sary of the Taiwan Relations Act of 1979 (Public  
24 Law 96–8).

1           (2) Since 1949, the close relationship between  
2           the United States and Taiwan has benefitted both  
3           parties and the broader Indo-Pacific region.

4           (3) The security of Taiwan and its democracy  
5           are key elements of continued peace and stability of  
6           the greater Indo-Pacific region, which is in the polit-  
7           ical, security, and economic interests of the United  
8           States.

9           (4) The People’s Republic of China is currently  
10          engaged in a comprehensive military modernization  
11          campaign to enhance the power-projection capabili-  
12          ties of the People’s Liberation Army and its ability  
13          to conduct joint operations, which is shifting the  
14          military balance of power across the Taiwan Strait.

15          (5) Taiwan and its diplomatic partners continue  
16          to face sustained pressure and coercion from the  
17          People’s Republic of China, which seeks to isolate  
18          Taiwan from the international community.

19          (6) It is the policy of the United States to rein-  
20          force its commitments to Taiwan under the Taiwan  
21          Relations Act in a manner consistent with the “Six  
22          Assurances” and in accordance with the United  
23          States “One China” policy.

24          (7) In the Taiwan Travel Act, which became  
25          law on March 16, 2018, Congress observed that the

2570

1 “self-imposed restrictions that the United States  
2 maintains on high-level visits” between the United  
3 States and Taiwan have resulted in insufficient  
4 high-level communication.

5 **SEC. 313. SENSE OF CONGRESS.**

6 It is the sense of Congress that—

7 (1) Taiwan is a vital part of the United States  
8 Free and Open Indo-Pacific Strategy;

9 (2) the United States Government—

10 (A) supports Taiwan’s continued pursuit of  
11 asymmetric capabilities and concepts; and

12 (B) urges Taiwan to increase its defense  
13 spending in order to fully resource its defense  
14 strategy; and

15 (3) the United States should conduct regular  
16 sales and transfers of defense articles to Taiwan in  
17 order to enhance its self-defense capabilities, par-  
18 ticularly its efforts to develop and integrate asym-  
19 metric capabilities, including undersea warfare and  
20 air defense capabilities, into its military forces.

21 **SEC. 314. TAIWAN’S INCLUSION IN INTERNATIONAL ORGA-**  
22 **NIZATIONS.**

23 (a) SENSE OF CONGRESS.—It is the sense of Con-  
24 gress that the People’s Republic of China’s attempts to  
25 dictate the terms of Taiwan’s participation in inter-

2571

1 national organizations, has, in many cases, resulted in  
2 Taiwan's exclusion from such organizations even when  
3 statehood is not a requirement, and that such exclusion—

4 (1) is detrimental to global health, civilian air  
5 safety, and efforts to counter transnational crime;

6 (2) negatively impacts the safety and security  
7 of citizens globally; and

8 (3) negatively impacts the security of Taiwan  
9 and its democracy.

10 (b) STATEMENT OF POLICY.—It is the policy of the  
11 United States to advocate for Taiwan's meaningful par-  
12 ticipation in the United Nations, the World Health Assem-  
13 bly, the International Civil Aviation Organization, the  
14 International Criminal Police Organization, and other  
15 international bodies, as appropriate, and to advocate for  
16 Taiwan's membership in the Food and Agriculture Orga-  
17 nization, the United Nations Educational, Scientific and  
18 Cultural Organization, and other international organiza-  
19 tions for which statehood is not a requirement for mem-  
20 bership.

21 **SEC. 315. REVIEW OF DEPARTMENT OF STATE TAIWAN**  
22 **GUIDELINES.**

23 (a) IN GENERAL.—Not later than 180 days after the  
24 date of the enactment of this Act, the Secretary of State  
25 shall conduct a review of the Department of State's guid-

1 ance that governs relations with Taiwan, including the  
2 periodic memorandum entitled “Guidelines on Relations  
3 with Taiwan” and related documents, and reissue such  
4 guidance to executive branch departments and agencies.

5 (b) SENSE OF CONGRESS.—It is the sense of Con-  
6 gress that the Department of State’s guidance regarding  
7 relations with Taiwan—

8 (1) should be crafted with the intent to deepen  
9 and expand United States-Taiwan relations, and be  
10 based on the value, merits, and importance of the  
11 United States-Taiwan relationship;

12 (2) should be crafted giving due consideration  
13 to the fact that Taiwan is governed by a representa-  
14 tive democratic government that is peacefully con-  
15 stituted through free and fair elections that reflect  
16 the will of the people of Taiwan, and that Taiwan  
17 is a free and open society that respects universal  
18 human rights and democratic values; and

19 (3) should ensure that the conduct of relations  
20 with Taiwan reflects the longstanding, comprehen-  
21 sive, and values-based relationship the United States  
22 shares with Taiwan, and contribute to the peaceful  
23 resolution of cross-strait issues.

24 (c) REPORTING REQUIREMENTS.—Not later than  
25 180 days after the date of the enactment of this Act, the

2573

1 Secretary of State shall submit to the Committee on For-  
2 eign Relations of the Senate and the Committee on For-  
3 eign Affairs of the House of Representatives a report that  
4 includes a description of—

5 (1) the results of the review pursuant to sub-  
6 section (a) of the Department of State’s guidance on  
7 relations with Taiwan, including a copy of the re-  
8 issued “Guidelines of Relations with Taiwan” memo-  
9 randum; and

10 (2) the implementation of the Taiwan Travel  
11 Act (Public Law 115–135) and any changes to guid-  
12 ance on relations with Taiwan that are the result of  
13 such implementation.

14 **Subtitle C—Support for Human**  
15 **Rights in Belarus**

16 **SEC. 321. SHORT TITLE.**

17 This subtitle may be cited as the “Belarus Democ-  
18 racy, Human Rights, and Sovereignty Act of 2020”.

19 **SEC. 322. FINDINGS.**

20 Section 2 of the Belarus Democracy Act of 2004  
21 (Public Law 109–480; 22 U.S.C. 5811 note) is amended  
22 to read as follows:

23 **“SEC. 2. FINDINGS.**

24 “Congress finds the following:

1           “(1) The International Covenant on Civil and  
2           Political Rights, done at New York December 19,  
3           1966, was ratified by Belarus in 1973, guaranteeing  
4           Belarusians the freedom of expression and the free-  
5           dom of association.

6           “(2) Alyaksandr Lukashenka has ruled Belarus  
7           as an undemocratic dictatorship since the first presi-  
8           dential election in Belarus in 1994.

9           “(3) Subsequent presidential elections in  
10          Belarus have been neither free nor fair and have  
11          been rejected by the international community as not  
12          meeting minimal electoral standards, with the jailing  
13          of opposition activists frequently used as a tool of  
14          government repression before and after the elections.

15          “(4) In response to the repression and violence  
16          during the 2006 presidential election, Congress  
17          passed the Belarus Democracy Reauthorization Act  
18          of 2006 (Public Law 109–480).

19          “(5) In 2006, President George W. Bush issued  
20          Executive Order 13405, titled ‘Blocking Property of  
21          Certain Persons Undermining Democratic Processes  
22          or Institutions in Belarus’, which authorized the im-  
23          position of sanctions against persons responsible  
24          for—

1           “(A) undermining democratic processes in  
2 Belarus; or

3           “(B) participating in human rights abuses  
4 related to political repression in Belarus.

5           “(6) In March 2011, the Senate unanimously  
6 passed Senate Resolution 105, which—

7           “(A) condemned the December 2010 elec-  
8 tion in Belarus as ‘illegitimate, fraudulent, and  
9 not representative of the will or the aspirations  
10 of the voters in Belarus’; and

11           “(B) called on the Lukashenka regime ‘to  
12 immediately and unconditionally release all po-  
13 litical prisoners in Belarus who were arrested in  
14 association with the December 19, 2010, elec-  
15 tion’.

16           “(7) The Government of Belarus, led illegally  
17 by Alyaksandr Lukashenka, continues to engage in  
18 a pattern of clear and persistent violations of human  
19 rights and fundamental freedoms.

20           “(8) The Government of Belarus, led illegally  
21 by Alyaksandr Lukashenka, continues to engage in  
22 a pattern of clear and uncorrected violations of basic  
23 principles of democratic governance, including  
24 through a series of fundamentally flawed presi-  
25 dential and parliamentary elections undermining the

1 legitimacy of executive and legislative authority in  
2 that country.

3 “(9) The Government of Belarus, led illegally  
4 by Alyaksandr Lukashenka, continues to subject  
5 thousands of pro-democracy political activists and  
6 peaceful protesters to harassment, beatings, and im-  
7 prisonment, particularly as a result of their attempts  
8 to peacefully exercise their right to freedom of as-  
9 sembly and association.

10 “(10) The Government of Belarus, led illegally  
11 by Alyaksandr Lukashenka, continues to suppress  
12 independent media and journalists and to restrict  
13 access to the internet, including social media and  
14 other digital communication platforms, in violation  
15 of the right to freedom of speech and expression of  
16 those dissenting from the dictatorship of Alyaksandr  
17 Lukashenka.

18 “(11) The Government of Belarus, led illegally  
19 by Alyaksandr Lukashenka, continues a systematic  
20 campaign of harassment, repression, and closure of  
21 nongovernmental organizations, including inde-  
22 pendent trade unions and entrepreneurs, creating a  
23 climate of fear that inhibits the development of civil  
24 society and social solidarity.

2577

1           “(12) The Government of Belarus, led illegally  
2           by Alyaksandr Lukashenka, has pursued a policy  
3           undermining the country’s sovereignty and independ-  
4           ence by making Belarus political, economic, cultural,  
5           and societal interests subservient to those of Russia.

6           “(13) The Government of Belarus, led illegally  
7           by Alyaksandr Lukashenka, continues to reduce the  
8           independence of Belarus through integration into a  
9           so-called ‘Union State’ that is under the control of  
10          Russia.

11          “(14) In advance of the August 2020 presi-  
12          dential elections in Belarus, authorities acting on be-  
13          half of President Lukashenka arrested journalists,  
14          bloggers, political activists, and opposition leaders,  
15          including 3 leading presidential candidates (Syarhey  
16          Tsikhanouski, Mikalay Statkevich, and Viktor  
17          Babaryka), who were barred from running in the  
18          election by the Central Election Commission of the  
19          Republic of Belarus.

20          “(15) While the 3 opposition candidates were  
21          imprisoned, 2 of their wives and 1 of their campaign  
22          managers (Sviatlana Tsikhanouskaya, Veranika  
23          Tsepkala, and Maria Kalesnikava) joined together  
24          and ran in place of the candidates.

1           “(16) Thousands of Belarusian people dem-  
2           onstrated their support for these candidates by at-  
3           tending rallies, including 1 rally that included an es-  
4           timated 63,000 participants.

5           “(17) On August, 5, 2020, the Senate unani-  
6           mously passed Senate Resolution 658, which calls  
7           for a free, fair, and transparent presidential election  
8           in Belarus, including the unimpeded participation of  
9           all presidential candidates.

10           “(18) On August 9, 2020, the Government of  
11           Belarus conducted a presidential election that—

12                   “(A) was held under undemocratic condi-  
13                   tions that did not meet international standards;

14                   “(B) involved government malfeasance and  
15                   serious irregularities with ballot counting and  
16                   the reporting of election results, including—

17                           “(i) early voting ballot stuffing;

18                           “(ii) ballot burning;

19                           “(iii) pressuring poll workers; and

20                           “(iv) removing bags full of ballots by  
21                   climbing out of windows;

22                   “(C) included restrictive measures that im-  
23                   peded the work of local independent observers  
24                   and did not provide sufficient notice to the

1 OSCE to allow for the OSCE to monitor the  
2 elections, as is customary.

3 “(19) Incumbent president Alyaksandr  
4 Lukashenka declared a landslide victory in the elec-  
5 tion and claimed to have received more than 80 per-  
6 cent of the votes cast in the election.

7 “(20) The leading opposition candidate,  
8 Sviatlana Tsikhanouskaya—

9 “(A) formally disputed the government’s  
10 reported election results;

11 “(B) explained that her staff had examined  
12 the election results from more than 50 polling  
13 places; and

14 “(C) found that her share of the vote ex-  
15 ceeded Lukashenka’s share by many times.

16 “(21) On August 10, 2020, Sviatlana  
17 Tsikhanouskaya was detained while attending a  
18 meeting with the Central Election Commission of  
19 the Republic of Belarus and forced to flee to Lith-  
20 uania under pressure from government authorities.

21 “(22) On August 11, 2020, Lithuanian Foreign  
22 Minister Linas Linkevičius announced that Sviatlana  
23 Tsikhanouskaya was safe in Lithuania and has con-  
24 tinued to be one of the strongest voices supporting

2580

1 the pro-democracy movement in Belarus within the  
2 European Union and globally.

3 “(23) On August 18, 2020, Sviatlana  
4 Tsikhanouskaya announced the formation of a Co-  
5 ordination Council to oversee a resolution to the cri-  
6 sis in Belarus and a peaceful transition of power by  
7 subjecting the Council’s senior members to violence,  
8 detention, and forced exile. The Government of  
9 Belarus, led illegally by Alyaksandr Lukashenka, has  
10 sought to stop the work of the Coordination Council.

11 “(24) Before the European Parliament on Au-  
12 gust 25, 2020, Sviatlana Tsikhanouskaya stressed  
13 that a ‘peaceful revolution’ was underway in  
14 Belarus, and that ‘It is neither a pro-Russian nor  
15 anti-Russian revolution. It is neither an anti-Euro-  
16 pean Union nor a pro-European Union revolution. It  
17 is a democratic revolution.’

18 “(25) On or around September 6, 2020, opposi-  
19 tion leader Maria Kalesnikava and members of the  
20 Coordination Council, including Anton Ronenkov,  
21 Ivan Kravtsov, and Maxim Bogretsov, were detained  
22 by authorities who sought to forcibly expel them to  
23 Ukraine. Ms. Kalesnikava tore up her passport at  
24 the Ukrainian border in a successful effort to pre-  
25 vent this expulsion, subsequently disappeared, and

1 was discovered in a Minsk prison on September 9,  
2 2020.

3 “(26) On August 11, 2020, the European  
4 Union High Representative for Foreign and Security  
5 Policy, Josep Borrell, issued a declaration on the  
6 presidential election in Belarus stating that the elec-  
7 tions were neither free nor fair.

8 “(27) On August 28, 2020, United States Dep-  
9 uty Secretary of State Stephen Biegun declared that  
10 the August 9th election in Belarus was fraudulent.

11 “(28) Following Alyaksandr Lukashenka’s Sep-  
12 tember 23, 2020, secret inauguration, the United  
13 States, the European Union, numerous European  
14 Union member states, the United Kingdom, and  
15 Canada announced that they did not recognize Mr.  
16 Lukashenka as the legitimately elected leader of  
17 Belarus.

18 “(29) Since the sham election on August 9,  
19 2020, tens of thousands of Belarusian citizens have  
20 participated in daily peaceful protests calling for a  
21 new, free, and fair election, and the release of polit-  
22 ical prisoners.

23 “(30) According to Amnesty International, on  
24 August 30, 2020, Belarusians held one of the largest  
25 protest rallies in the country’s modern history in

1 Minsk and in other cities, which was attended by at  
2 least 100,000 people who demanded the resignation  
3 of President Lukashenka and an investigation into  
4 the human rights violations in Belarus.

5 “(31) Women have served as the leading force  
6 in demonstrations across the country, protesting the  
7 police brutality and mass detentions by wearing  
8 white, carrying flowers, forming ‘solidarity chains’,  
9 and unmasking undercover police trying to arrest  
10 demonstrators.

11 “(32) The Government of Belarus has re-  
12 sponded to the peaceful opposition protests, which  
13 are the largest in Belarus history, with a violent  
14 crackdown, including, according to the United Na-  
15 tions Special Rapporteur, the detention by govern-  
16 ment authorities of more than 10,000 peaceful  
17 protestors as of September 18, 2020, mostly for tak-  
18 ing part in or observing peaceful protests, with many  
19 of these arrests followed by beatings and torture at  
20 the hands of Belarusian law enforcement.

21 “(33) According to the Viasna Human Rights  
22 Centre, at least 450 detainees have reported being  
23 tortured or otherwise ill-treated while held in incom-  
24 municado detention for up to 10 days, including  
25 through—

1           “(A) severe beatings;

2           “(B) forced performance of humiliating  
3 acts; and

4           “(C) sexual violence and other forms of vi-  
5 olence.

6           “(34) At least 4 Belarusians have been killed at  
7 protests, and dozens of Belarusians who were de-  
8 tained during the protests are still missing.

9           “(35) The Belarus Ministry of Defense threat-  
10 ened to send the army to confront protestors, warn-  
11 ing that in case of any violation of peace and order  
12 in areas around national monuments, ‘you will have  
13 the army to deal with now, not the police’.

14           “(36) The Government of Belarus, led illegally  
15 by Alyaksandr Lukashenka, has consistently re-  
16 stricted the free flow of information to silence the  
17 opposition and to conceal the regime’s violent crack-  
18 down on peaceful protestors, including by—

19           “(A) stripping the accreditation of journal-  
20 ists from major foreign news outlets;

21           “(B) detaining and harassing countless  
22 journalists.

23           “(C) arresting dozens of journalists, 6 of  
24 whom report for Radio Free Europe/Radio Lib-  
25 erty;

1           “(D) halting the publishing of 2 inde-  
2           pendent newspapers; and

3           “(E) disrupting internet access;

4           “(F) blocking more than 50 news websites  
5           that were covering the protests; and

6           “(G) limiting access to social media and  
7           other digital communication platforms.

8           “(37) Internet access in Belarus has been re-  
9           peatedly disrupted and restricted since August 9,  
10          2020, which independent experts and monitoring  
11          groups have attributed to government interference.

12          “(38) Thousands of employees at Belarusian  
13          state-owned enterprises, who have been seen as  
14          Alyaksandr Lukashenka’s traditional base during his

17 **Subtitle D—Gandhi-King Scholarly**  
18 **Exchange Initiative Act**

19 **SEC. 331. SHORT TITLE.**

20 This subtitle may be cited as the “Gandhi-King  
21 Scholarly Exchange Initiative Act”.

22 **SEC. 332. FINDINGS.**

23 Congress makes the following findings:

24 (1) The peoples of the United States and India  
25 have a long history of friendship and the interests

1 of the peoples of the United States, India, and the  
2 world will benefit from a stronger United States-  
3 India partnership.

4 (2) Mohandas Karamchand Gandhi and Martin  
5 Luther King, Jr., were dedicated leaders fighting for  
6 social justice and social change, peace, and civil  
7 rights in their respective communities, and countries  
8 and in the world.

9 (3) The use of nonviolent civil disobedience is a  
10 shared tactic that has played a key role in defeating  
11 social injustice in India, the United States, and in  
12 other parts of the world.

13 (4) Mohandas Gandhi, who was born on Octo-  
14 ber 2, 1869, was murdered on January 30, 1948,  
15 after dedicating his life to the peaceful empowerment  
16 of the people of India and to the end of British colo-  
17 nial rule.

18 (5) Martin Luther King, Jr., who was born on  
19 January 15, 1929, was murdered on April 4, 1968,  
20 after a life dedicated to peaceful movements against  
21 segregation, discrimination, racial injustice, and pov-  
22 erty.

23 (6) In February 1959, Dr. King and his wife,  
24 Coretta Scott King, traveled throughout India. By  
25 the end of his monthlong visit, Dr. King said, “I am

1 more convinced than ever before that the method of  
2 nonviolent resistance is the most potent weapon  
3 available to oppressed people in their struggle for  
4 justice and human dignity.”.

5 (7) Fifty years after Dr. King’s visit, All India  
6 Radio, the national radio station of India, discovered  
7 a taped message by Dr. King that emphasized the  
8 intellectual harmony between the messages of Dr.  
9 King and Mohandas Gandhi on nonviolent social ac-  
10 tion.

11 (8) On August 22, 2011, the Dr. Martin Lu-  
12 ther King, Jr., National Memorial opened to the  
13 public in Washington, DC. This newest memorial on  
14 the National Mall pays tribute to Dr. King’s na-  
15 tional and international contributions to world peace  
16 through nonviolent social change.

17 (9) The 116th Congress coincides with both the  
18 150th birth anniversary of Mohandas Gandhi and  
19 the 90th birth anniversary of Dr. Martin Luther  
20 King, Jr.

21 (10) Mohandas Gandhi, who employed the prin-  
22 ciple of satyagraha, or “fighting with peace”, has  
23 come to represent the moral force inspiring many  
24 civil and social rights movement around the world.

1           (11) Dr. King’s effective use of Gandhi’s prin-  
2           ciples was instrumental to the American civil rights  
3           movement.

4           (12) There is a long history of civil and social  
5           rights movements in the United States and in India.  
6           As the relationship between the United States and  
7           India evolves, a binational foundation through which  
8           the governments of each country can work together  
9           and catalyze private investment toward development  
10          objectives would provide an ongoing, productive in-  
11          stitution and symbol of the friendship and common  
12          ideals of the respective governments and their peo-  
13          ples.

14          (13) There is a global goal of ending tuber-  
15          culosis by 2030, the United States and India seek a  
16          TB-Free India by 2025, and the United States-India  
17          Gandhi-King Development Foundation, as described  
18          in this subtitle, could help address gaps across the  
19          TB value chain in prevention, detection, diagnosis,  
20          and treatment, and catalyze market-based strategies  
21          to bridge the service gap for the “last mile”.

22          (14) Leaders in both countries have prioritized  
23          the United States-India relationship and continue to  
24          support a strengthened United States-India partner-

1 ship, recognizing that it will be one of the defining  
2 partnerships of the 21st century.

22                         representatives, or democratically elected leaders of  
23                         the Tibetan community, or explore activities to im-

25                         tiated agreement on Tibet;

9 leaders in a manner inconsistent with the prin-

14                   “(B) ensure that the identification and in-

1 **SEC. 342. STATEMENT OF POLICY REGARDING THE SUC-**  
2 **CESSION OR REINCARNATION OF THE DALAI**  
3 **LAMA.**

4 (a) FINDINGS.—Congress finds the following:

5 (1) Tibetan Buddhism is practiced in many  
6 countries including Bhutan, India, Mongolia, Nepal,  
7 the People’s Republic of China, the Russian Federa-  
8 tion, and the United States, yet the Government of  
9 the People’s Republic of China has repeatedly in-  
10 sisted on its role in managing the selection of Tibet’s  
11 next spiritual leader, the Dalai Lama, through ac-  
12 tions such as those described in the “Measures on  
13 the Management of the Reincarnation of Living  
14 Buddhas” in 2007.

15 (2) On March 19, 2019, Chinese Ministry of  
16 Affairs spokesperson reiterated that the “reincarna-  
17 tion of living Buddhas including the Dalai Lama  
18 must comply with Chinese laws and regulations and  
19 follow religious rituals and historical conventions”.

20 (3) The Government of the People’s Republic of  
21 China has interfered in the process of recognizing a  
22 successor or reincarnation of Tibetan Buddhist lead-  
23 ers, including in 1995 by arbitrarily detaining  
24 Gedhun Choekyi Nyima, a 6-year old boy who was  
25 identified as the 11th Panchen Lama, and pur-

1       porting to install its own candidate as the Panchen  
2       Lama.

3           (4) The 14th Dalai Lama, Tenzin Gyatso,  
4       issued a statement on September 24, 2011, explain-  
5       ing the traditions and spiritual precepts of the selec-  
6       tion of Dalai Lamas, setting forth his views on the  
7       considerations and process for selecting his suc-  
8       cessor, and providing a response to the Chinese gov-  
9       ernment's claims that only the Chinese government  
10      has the ultimate authority in the selection process of  
11      the Dalai Lama.

12          (5) The 14th Dalai Lama said in his statement  
13      that the person who reincarnates has sole legitimate  
14      authority over where and how he or she takes re-  
15      birth and how that reincarnation is to be recognized  
16      and if there is a need for a 15th Dalai Lama to be  
17      recognized, then the responsibility shall primarily  
18      rest with the officers of the Dalai Lama's Gaden  
19      Phodrang Trust, who will be informed by the written  
20      instructions of the 14th Dalai Lama.

21          (6) Since 2011, the 14th Dalai Lama has reit-  
22      erated publicly on numerous occasions that decisions  
23      on the successions, emanations, or reincarnations of  
24      the Dalai Lama belongs to the Tibetan Buddhist  
25      faith community alone.

1           (7) On June 8, 2015, the United States House  
2 of Representatives unanimously approved House  
3 Resolution 337 which calls on the United States  
4 Government to “underscore that government inter-  
5 ference in the Tibetan reincarnation process is a vio-  
6 lation of the internationally recognized right to reli-  
7 gious freedom . . . and to highlight the fact that  
8 other countries besides China have long Tibetan  
9 Buddhist traditions, and that matters related to re-  
10 incarnations in Tibetan Buddhism are of keen inter-  
11 est to Tibetan Buddhist populations worldwide”.

12           (8) On April 25, 2018, the United States Sen-  
13 ate unanimously approved Senate Resolution 429  
14 which “expresses its sense that the identification  
15 and installation of Tibetan Buddhist religious lead-  
16 ers, including a future 15th Dalai Lama, is a matter  
17 that should be determined solely within the Tibetan  
18 Buddhist faith community, in accordance with the  
19 inalienable right to religious freedom”.

20           (9) The Department of State’s Report on Inter-  
21 national Religious Freedom for 2018 reported on  
22 policies and efforts of the Government of the Peo-  
23 ple’s Republic of China to exert control over the se-  
24 lection of Tibetan Buddhist religious leaders, includ-  
25 ing reincarnate lamas, and stated that “[United

1 States] officials underscored that decisions on the  
2 reincarnation of the Dalai Lama should be made  
3 solely by faith leaders.”.

4 (b) STATEMENT OF POLICY.—It is the policy of the  
5 United States that—

6 (1) decisions regarding the selection, education,  
7 and veneration of Tibetan Buddhist religious leaders  
8 are exclusively spiritual matters that should be made  
9 by the appropriate religious authorities within the  
10 Tibetan Buddhist tradition and in the context of the  
11 will of practitioners of Tibetan Buddhism;

12 (2) the wishes of the 14th Dalai Lama, includ-  
13 ing any written instructions, should play a key role  
14 in the selection, education, and veneration of a fu-  
15 ture 15th Dalai Lama; and

16 (3) interference by the Government of the Peo-  
17 ple’s Republic of China or any other government in  
18 the process of recognizing a successor or reincarna-  
19 tion of the 14th Dalai Lama and any future Dalai  
20 Lamas would represent a clear abuse of the right to  
21 religious freedom of Tibetan Buddhists and the Ti-  
22 betan people.

23 (c) HOLDING CHINESE OFFICIALS RESPONSIBLE  
24 FOR RELIGIOUS FREEDOM ABUSES TARGETING TIBETAN  
25 BUDDHISTS.—It is the policy of the United States to take

1 all appropriate measures to hold accountable senior offi-  
2 cials of the Government of the People’s Republic of China  
3 or the Chinese Communist Party who directly interfere  
4 with the identification and installation of the future 15th  
5 Dalai Lama of Tibetan Buddhism, successor to the 14th  
6 Dalai Lama, including by—

7 (1) imposing sanctions pursuant to the Global  
8 Magnitsky Human Rights Accountability Act (22  
9 U.S.C. 2656 note); and

10 (2) prohibiting admission to the United States  
11 under section 212(a)(2)(G) of the Immigration and  
12 Nationality Act (8 U.S.C. 1182(a)(2)(G)).

13 (d) DEPARTMENT OF STATE PROGRAMMING TO PRO-  
14 MOTE RELIGIOUS FREEDOM FOR TIBETAN BUDDHISTS.—  
15 Consistent with section 401 of the Frank R. Wolf Inter-  
16 national Religious Freedom Act (Public Law 114–281;  
17 130 Stat. 1436), the Ambassador-at-Large for Inter-  
18 national Religious Freedom should support efforts to pro-  
19 tect and promote international religious freedom in China  
20 and for programs to protect Tibetan Buddhism in China  
21 and elsewhere.

22 **SEC. 343. POLICY REGARDING THE ENVIRONMENT AND**  
23 **WATER RESOURCES ON THE TIBETAN PLA-**  
24 **TEAU.**

25 (a) FINDINGS.—Congress finds the following:

1           (1) The Tibetan Plateau contains glaciers, riv-  
2           ers, grasslands, and other geographical and ecologi-  
3           cal features that are crucial for supporting vegeta-  
4           tion growth and biodiversity and regulating water  
5           flow and supply for an estimated 1,800,000,000 peo-  
6           ple. Environmental changes threaten the glaciers in  
7           Tibet that feed the major rivers of South and East  
8           Asia, which supply freshwater to an estimated  
9           1,800,000,000 people.

10          (2) Several factors, including temperature  
11          changes, large government-backed infrastructure  
12          projects, and resettlement of Tibetan nomads, are  
13          likely to result in variable water flows in the future.

14          (3) The grasslands of Tibet play a significant  
15          role in carbon production and sequestration and Ti-  
16          bet's rivers support wetlands that play a key role in  
17          water storage, water quality, and the regulation of  
18          water flow, support biodiversity, foster vegetation  
19          growth, and act as carbon sinks.

20          (4) Traditional Tibetan grassland stewardship  
21          practices, which can be key to mitigating the nega-  
22          tive effects of environmental changes on the Tibetan  
23          Plateau, are undermined by the resettlement of no-  
24          mads from Tibetan grasslands.

1           (5) The People’s Republic of China has ap-  
2           proximately 20 percent of the world’s population but  
3           only around 7 percent of the world’s water supply,  
4           while many countries in South and Southeast Asia  
5           rely on the rivers flowing from the Himalayas of the  
6           Tibetan Plateau.

7           (6) The People’s Republic of China has already  
8           completed water transfer programs diverting billions  
9           of cubic meters of water yearly and has plans to di-  
10          vert more waters from the Tibetan plateau in China.

11          (b) WATER RESOURCES IN TIBET AND THE TIBETAN  
12          WATERSHED.—The Secretary of State, in coordination  
13          with relevant agencies of the United States Government,  
14          should—

15               (1) pursue collaborative efforts with Chinese  
16               and international scientific institutions, as appro-  
17               priate, to monitor the environment on the Tibetan  
18               Plateau, including glacial retreat, temperature rise,  
19               and carbon levels, in order to promote a greater un-  
20               derstanding of the effects on permafrost, river flows,  
21               grasslands and desertification, and the monsoon  
22               cycle;

23               (2) engage with the Government of the People’s  
24               Republic of China, the Tibetan people, and non-  
25               governmental organizations to encourage the partici-

1       pation of Tibetan nomads and other Tibetan stake-  
2       holders in the development and implementation of  
3       grassland management policies, in order to utilize  
4       their indigenous experience in mitigation and stew-  
5       ardship of the land and to assess policies on the  
6       forced resettlement of nomads; and

7               (3) encourage a regional framework on water  
8       security, or use existing frameworks, such as the  
9       Lower Mekong Initiative, to facilitate cooperative  
10      agreements among all riparian nations that would  
11      promote transparency, sharing of information, pollu-  
12      tion regulation, and arrangements on impounding  
13      and diversion of waters that originate on the Ti-  
14      betan Plateau.

15 **SEC. 344. DEMOCRACY IN THE TIBETAN EXILE COMMUNITY.**

16       (a) FINDINGS.—Congress finds the following:

17               (1) The 14th Dalai Lama advocates the Middle  
18      Way Approach, which seeks genuine autonomy for  
19      the 6,000,000 Tibetans in Tibet.

20               (2) The 14th Dalai Lama has overseen a proc-  
21      ess of democratization within the Tibetan polity and  
22      devolved his political responsibilities to the elected  
23      representatives of the Tibetan people in exile in  
24      2011.

1           (3) In 2011 and again in 2016, members of the  
2           Tibetan exile community across some 30 countries  
3           held free and fair elections to select political leaders  
4           to serve in the Central Tibetan Administration par-  
5           liament and as chief executive.

6           (4) The Dalai Lama has said that the Central  
7           Tibetan Administration will cease to exist once a ne-  
8           gotiated settlement has been achieved that allows Ti-  
9           betans to freely enjoy their culture, religion, and lan-  
10          guage in Tibet.

11          (b) SENSE OF CONGRESS.—It is the sense of Con-  
12          gress that—

13           (1) Tibetan exile communities around the world  
14           should be commended for the adoption of a system  
15           of self-governance with democratic institutions to  
16           choose their leaders;

17           (2) the Dalai Lama should be commended for  
18           his decision to devolve political authority to elected  
19           leaders in accordance with democratic principles;

20           (3) as of the date of the enactment of this Act,  
21           the Central Tibetan Administration is the institution  
22           that represents and reflects, to the greatest extent,  
23           the aspirations of the Tibetan diaspora around the  
24           world, and the Sikyong is the President of the Cen-  
25           tral Tibetan Administration; and

1 (4) as consistent with section 621(d)(3) of the  
2 Tibetan Policy Act of 2002 (22 U.S.C. 6901 note),  
3 the United States Special Coordinator for Tibetan  
4 Issues should continue to maintain close contact  
5 with the religious, cultural, and political leaders of  
6 the Tibetan people.

7 **SEC. 345. SUSTAINABILITY IN TIBETAN COMMUNITIES**  
8 **SEEKING TO PRESERVE THEIR CULTURE, RE-**  
9 **LIGION, AND LANGUAGE.**

10 The Secretary of State should urge the Government  
11 of Nepal to honor the Gentleman's Agreement with the  
12 United Nations High Commissioner for Refugees and the  
13 Government of India, which commits the Government of  
14 Nepal to respect the principle of non-refoulement by con-  
15 tinuing to give Tibetan new arrivals access to the territory  
16 of Nepal and allowing them safe passage through Nepal  
17 to India.

18 **SEC. 346. AUTHORIZATION OF APPROPRIATIONS.**

19 (a) OFFICE OF THE UNITED STATES SPECIAL COOR-  
20 DINATOR FOR TIBETAN ISSUES.—There is authorized to  
21 be appropriated \$1,000,000 for each of the fiscal years  
22 2021 through 2025 for the Office of the United States  
23 Special Coordinator for Tibetan Issues.

24 (b) TIBETAN SCHOLARSHIP PROGRAM AND  
25 NGAWANG CHOEPHEL EXCHANGE PROGRAMS.—

1           (1) TIBETAN SCHOLARSHIP PROGRAM.—There  
2           is authorized to be appropriated \$675,000 for each  
3           of the fiscal years 2021 through 2025 to carry out  
4           the Tibetan scholarship program established under  
5           section 103(b)(1) of the Human Rights, Refugee,  
6           and Other Foreign Relations Provisions Act of 1996  
7           (Public Law 104–319; 22 U.S.C. 2151 note).

8           (2) NGAWANG CHOEPHEL EXCHANGE PRO-  
9           GRAMS.—There is authorized to be appropriated  
10          \$575,000 for each of the fiscal years 2021 through  
11          2025 to carry out the “Ngawang Choephel Ex-  
12          change Programs” (formerly known as “programs of  
13          educational and cultural exchange between the  
14          United States and the people of Tibet”) under sec-  
15          tion 103(a) of the Human Rights, Refugee, and  
16          Other Foreign Relations Provisions Act of 1996  
17          (Public Law 104–319; 110 Stat. 3865).

18          (c) HUMANITARIAN ASSISTANCE AND SUPPORT TO  
19          TIBETAN REFUGEES IN SOUTH ASIA.—Amounts author-  
20          ized to be appropriated or otherwise made available to  
21          carry out chapter 9 of part I of the Foreign Assistance  
22          Act of 1961 (22 U.S.C. 2292 et seq.) and the Migration  
23          and Refugee Assistance Act of 1962 (Public Law 87–510)  
24          for each of the fiscal years 2021 through 2025 are author-  
25          ized to be made available for humanitarian assistance, in-

1 cluding food, medicine, clothing, and medical and voca-  
2 tional training, for Tibetan refugees in South Asia who  
3 have fled facing a credible threat of persecution in the  
4 People's Republic of China.

5 (d) TIBETAN AUTONOMOUS REGION AND TIBETAN

20          Grant for a student eligible under this subpara-  
21          graph shall be—

22                           “(i) the total maximum Federal Pell

24          (5)(A) for that year, less

1                   “(ii) an amount equal to the amount  
2                   determined to be the student aid index  
3                   with respect to that student for that year,  
4                   except that a student aid index of less than  
5                   zero shall be considered to be zero for the  
6                   purposes of this clause,

22                                 percent of the poverty line; or

23   “(II) if the student’s parent is  
24   not a single parent, and the adjusted

2819

1 gross income is equal to or less than  
2 275 percent of the poverty line; or

3 “(ii) in the case of an independent  
4 student—

5 “(I) if the student is a single  
6 parent, and the adjusted gross income  
7 is equal to or less than 400 percent of  
8 the poverty line;

9 “(II) if the student is a parent  
10 and is not a single parent, and the ad-  
11 justed gross income is equal to or less  
12 than 350 percent of the poverty line;  
13 or

14 “(III) if the student is not a par-  
15 ent, and the adjusted gross income is  
16 equal to or less than 275 percent of  
17 the poverty line.

18 “(D) A student eligible for the total max-  
19 imum Federal Pell Grant under subparagraph  
20 (A) who has (or whose spouse or parent, as ap-  
21 plicable based on whose information is used  
22 under such subparagraph, has) foreign income  
23 that would, if added to adjusted gross income,  
24 result in the student no longer being eligible for  
25 such total maximum Federal Pell Grant, shall

1 not be provided a Federal Pell Grant until the  
2 student aid administrator evaluates the stu-  
3 dent's FAFSA and makes a determination re-  
4 garding whether it is appropriate to make an  
5 adjustment under section 479A(b)(1)(B)(v) to  
6 account for such foreign income when deter-  
7 mining the student's eligibility for such total  
8 maximum Federal Pell Grant.

9 “(E) With respect to a student who is not  
10 eligible for the total maximum Federal Pell  
11 Grant under subparagraph (A) or a minimum  
12 Federal Pell Grant under subparagraph (C),  
13 the Secretary shall subtract from the student or  
14 parents' adjusted gross income, as applicable  
15 based on whose income is used for the Federal  
16 Pell Grant calculation, the sum of the following  
17 for the individual whose income is so used, and  
18 consider such difference the adjusted gross in-  
19 come for purposes of determining the student's  
20 eligibility for such Federal Pell Grant award  
21 under such subparagraph:

22 “(i) If the applicant, or, if applicable,  
23 the parents or spouse of the applicant,  
24 elects to report receiving college grant and  
25 scholarship aid included in gross income on

1 a Federal tax return described in section  
2 480(e)(2), the amount of such aid.

3 “(ii) Income earned from work under  
4 part C of this title.

5 “(2) LESS THAN FULL-TIME ENROLLMENT.—In  
6 any case where a student is enrolled in an eligible  
7 program of an institution of higher education on less  
8 than a full-time basis (including a student who at-  
9 tends an institution of higher education on less than  
10 a half-time basis) during any academic year, the  
11 amount of the Federal Pell Grant to which that stu-  
12 dent is entitled shall be reduced in direct proportion  
13 to the degree to which that student is not so enrolled  
14 on a full-time basis, rounded to the nearest whole  
15 percentage point, as provided in a schedule of reduc-  
16 tions published by the Secretary computed in accord-  
17 ance with this subpart. Such schedule of reductions  
18 shall be published in the Federal Register in accord-  
19 ance with section 482. Such reduced Federal Pell  
20 Grant for a student enrolled on a less than full-time  
21 basis shall also apply proportionally to students who  
22 are otherwise eligible to receive the minimum Fed-  
23 eral Pell Grant, if enrolled full-time.

24 “(3) AWARD MAY NOT EXCEED COST OF AT-  
25 TENDANCE.—No Federal Pell Grant under this sub-

1 part shall exceed the cost of attendance (as defined  
2 in section 472) at the institution at which that stu-  
3 dent is in attendance. If, with respect to any stu-  
4 dent, it is determined that the amount of a Federal  
5 Pell Grant for that student exceeds the cost of at-  
6 tendance for that year, the amount of the Federal  
7 Pell Grant shall be reduced until the Federal Pell  
8 Grant does not exceed the cost of attendance at such  
9 institution.

10 “(4) STUDY ABROAD.—Notwithstanding any  
11 other provision of this subpart, the Secretary shall  
12 allow the amount of the Federal Pell Grant to be ex-  
13 ceeded for students participating in a program of  
14 study abroad approved for credit by the institution  
15 at which the student is enrolled when the reasonable  
16 costs of such program are greater than the cost of  
17 attendance at the student’s home institution, except  
18 that the amount of such Federal Pell Grant in any  
19 fiscal year shall not exceed the maximum amount of  
20 a Federal Pell Grant for which a student is eligible  
21 under paragraph (1) or (2) during such award year.  
22 If the preceding sentence applies, the financial aid  
23 administrator at the home institution may use the  
24 cost of the study abroad program, rather than the

1 home institution's cost, to determine the cost of at-  
2 tendance of the student.

3 “(5) TOTAL MAXIMUM FEDERAL PELL  
4 GRANT.—

5 “(A) IN GENERAL.—For award year 2023–  
6 2024, and each subsequent award year, the  
7 total maximum Federal Pell Grant award per  
8 student shall be equal to the sum of—

9 “(i) \$1,060; and

10 “(ii) the amount specified as the max-  
11 imum Federal Pell Grant in the last en-  
12 acted appropriation Act applicable to that  
13 award year.

14 “(B) ROUNDING.—The total maximum  
15 Federal Pell Grant for any award year shall be

8           amount of such Federal Pell Grant, including the in-  
9           crease under this subsection, shall not be considered  
10          in calculating that student’s educational assistance

5                   “(ii) APPLICABLE PERIODS.—Clause  
6                   (i) shall apply with respect to any Federal

22 subpart.

23 “(f) DISTRIBUTION OF GRANTS TO STUDENTS.—

24 Payments under this section shall be made in accordance  
25 with regulations promulgated by the Secretary for such

18       “(h) USE OF EXCESS FUNDS.—

19               “(1) 15 PERCENT OR LESS.—If, at the end of  
20 a fiscal year, the funds available for making pay-  
21 ments under this subpart exceed the amount nec-  
22 essary to make the payments required under this  
23 subpart to eligible students by 15 percent or less,  
24 then all of the excess funds shall remain available

1 for making payments under this subpart during the  
2 next succeeding fiscal year.

3 “(2) MORE THAN 15 PERCENT.—If, at the end  
4 of a fiscal year, the funds available for making pay-  
5 ments under this subpart exceed the amount nec-  
6 essary to make the payments required under this  
7 subpart to eligible students by more than 15 per-

11 tlements for that fiscal year.

12 “(i) TREATMENT OF INSTITUTIONS AND STUDENTS

4 determination made by the Secretary under part B  
5 or D after the final publication of cohort default  
6 rates for fiscal year 1996 or a succeeding fiscal year.

7 “(2) SANCTIONS SUBJECT TO APPEAL OPPOR-  
8 TUNITY.—No institution may be subject to the  
9 terms of this subsection unless the institution has  
10 had the opportunity to appeal the institution’s de-  
11 fault rate determination under regulations issued by  
12 the Secretary for the loan program authorized under  
13 part B or D, as applicable. This subsection shall not  
14 apply to an institution that was not participating in  
15 the loan program authorized under part B or D on  
16 October 7, 1998, unless the institution subsequently  
17 participates in the loan programs.”.

22 covered persons under section 1205(d).

23 (2) CONSIDERATION OF OTHER BREEDS.—In  
24 developing the horseracing anti-doping and medica-  
25 tion control program with respect to a breed of horse

1 that is made subject to this Act by election of a  
2 State racing commission or the breed governing or-  
3 ganization for such horse under section 1205(k), the  
4 Authority shall consider the unique characteristics of  
5 such breed.

7 GRAM.—In developing the horseracing anti-doping and  
8 medication control program, the Authority shall take into  
9 consideration the following:

10 (1) Covered horses should compete only when  
11 they are free from the influence of medications,  
12 other foreign substances, and methods that affect  
13 their performance.

14 (2) Covered horses that are injured or unsound  
15 should not train or participate in covered races, and  
16 the use of medications, other foreign substances, and  
17 treatment methods that mask or deaden pain in  
18 order to allow injured or unsound horses to train or

3       and the Principles of Veterinary Medical Ethics of  
4       the American Veterinary Medical Association.

5           (5) The administration of medications and  
6       treatment methods to covered horses should be  
7       based upon an examination and diagnosis that iden-  
8       tifies an issue requiring treatment for which the  
9       medication or method represents an appropriate  
10      component of treatment.

11          (6) The amount of therapeutic medication that  
12      a covered horse receives should be the minimum nec-  
13      essary to address the diagnosed health concerns  
14      identified during the examination and diagnostic  
15      process.

16          (7) The welfare of covered horses, the integrity  
17      of the sport, and the confidence of the betting public  
18      require full disclosure to regulatory authorities re-  
19      garding the administration of medications and treat-  
20      ments to covered horses.

21      (c) ACTIVITIES.—The following activities shall be car-

12 (2) REVIEW PROCESS FOR ADMINISTRATION OF  
13 MEDICATION.—The development of a review process  
14 for the administration of any medication to a cov-  
15 ered horse during the 48-hour period preceding the  
16 next racing start of the covered horse.

17 (3) AGREEMENT REQUIREMENTS.—The devel-  
18 opment of requirements with respect to agreements

24 doping and medication control program enforce-  
25 ment agency under section 1205(e) shall, in

1           consultation with the anti-doping and medica-  
2           tion control standing committee of the Author-  
3           ity and consistent with international best prac-  
4           tices, develop and recommend anti-doping and  
5           medication control rules, protocols, policies, and  
6           guidelines for approval by the Authority.

7           (B) RESULTS MANAGEMENT.—The anti-  
8           doping and medication control enforcement

8           (5) ANTI-DOPING AND MEDICATION CONTROL  
9           STANDING COMMITTEE.—The anti-doping and medi-  
10          cation control standing committee shall, in consulta-  
11          tion with the anti-doping and medication control en-  
12          forcement agency, develop lists of permitted and pro-  
13          hibited medications, methods, and substances for  
14          recommendation to, and approval by, the Authority.  
15          Any such list may prohibit the administration of any  
16          substance or method to a horse at any time after  
17          such horse becomes a covered horse if the Authority  
18          determines such substance or method has a long-  
19          term degrading effect on the soundness of a horse.

20          (d) PROHIBITION.—Except as provided in sub-  
21          sections (e) and (f), the horseracing anti-doping and medi-

8 on the use of furosemide on horses during the 48-  
9 hour period before the start of a race, including the  
10 effect of furosemide on equine health and the integ-  
11 rity of competition and any other matter the Author-  
12 ity considers appropriate.

13 (2) REPORT.—Not later than three years after  
14 the program effective date, the Authority shall direct  
15 the advisory committee convened under paragraph  
16 (1) to submit to the Authority a written report on  
17 the study conducted under that paragraph that in-  
18 cludes recommended changes, if any, to the prohibi-  
19 tion in subsection (d).

20 (3) MODIFICATION OF PROHIBITION.—

21 (A) IN GENERAL.—After receipt of the re-

7           section (d), the vote must include unanimous  
8           adoption of each of the following findings:

9                   (i) That the modification is war-  
10                  ranted.

11                   (ii) That the modification is in the  
12                  best interests of horse racing.

13                   (iii) That furosemide has no perform-  
14                  ance enhancing effect on individual horses.

15                   (iv) That public confidence in the in-  
16                  tegrity and safety of racing would not be  
17                  adversely affected by the modification.

18           (f) EXEMPTION.—

19                   (1) IN GENERAL.—Except as provided in para-

11          furosemide that would apply to the State under the  
12          horseracing anti-doping and medication control pro-  
13          gram during such period. Such limitations shall be  
14          no less restrictive on the use and administration of  
15          furosemide than the restrictions set forth in State’s  
16          laws and regulations in effect as of September 1,  
17          2020.

18          (4) GRANT OF EXEMPTION.—Subject to sub-  
19          section (e)(3), the Authority shall grant an exemp-

11 ings:

12                   (1) It is the long-standing policy of the United  
13                   States that civil lawsuits against those who support,  
14                   aid and abet, and provide material support for inter-  
15                   national terrorism serve the national security inter-  
16                   ests of the United States by deterring the sponsor-

18                   tice, transparency, and accountability.

13 in connection to the rescission of the designation of Sudan  
14 as a state sponsor of terrorism or the restoration of Su-  
15 dan’s immunities from jurisdiction and execution in con-  
16 formity with this Act, if such action would disadvantage  
17 terrorism victims.

18 (c) IN GENERAL.—Nothing in this Act shall apply to,  
19 be construed to apply to, or otherwise affect—

17 as a blocked asset (as defined in subsection (d)(2)  
18 of that section);
